RULES AND REGULATIONS

SECTION I - GENERAL RULES

1.10 SCOPE

This schedule of rules and regulations is a part of all contracts for electric service received from South Kentucky Rural Electric Cooperative Corporation, hereinafter referred to as the "Cooperative" and applies to all service received whether the service received is based upon a contract, agreement, signed application or otherwise. No employee or director of the Cooperative is permitted to make an exception to rates or rules and regulations as are on file at the Cooperative's office. All rules and regulations shall be in effect after adoption by the Board of Directors and filed without objection with the Kentucky Public Service Commission.

1.20 REVISIONS

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by the Board of Directors. Such changes, upon filing without objection with the Kentucky Public Service Commission, shall have the same force as the present rules and regulations. A copy of the Rules, Regulations and Tariff's shall be placed in each office of the Cooperative for the members information.

1.30 CONSUMER'S RESPONSIBILITY FOR COOPERATIVE PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repair or replacement shall be paid by the members.

1.40 MAINTENANCE OR CONTINUITY OF SERVICE

The Cooperative shall make all reasonable efforts to prevent interruptions of service and when such interruptions occur shall endeavor to re-establish service with the shortest possible delay, but if such supply shall fail or be interrupted or become defective through an act of God, or the public enemy, or by accident, strikes, labor troubles, or by a failure of the elements, or inability to secure right-of-way or other permits needed for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable therefor.

1.50 RELOCATION OF LINES BY REQUEST OF MEMBERS

The Cooperative's established lines will not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of the Cooperative to make such relocation.

1.60 SERVICES PERFORMED FOR MEMBERS

The Cooperative's personnel is prohibited from making repairs or performing services to the member's equipment or property except in cases of emergency or to protect the public or member's person or property. When such emergency services are performed, the member may be charged for the actual cost of labor and material for such service.

SECTION II - SERVICE PROCEDURES

2.10 APPLICATION FOR SERVICE

Each prospective member desiring electric service will be required to sign the Cooperative's form "Application for Membership and for Electric Service" before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right-of-way permits upon their property.

2.20 MEMBERSHIP FEE

The membership fee in the Cooperative shall be \$25.00 (twenty-five dollars). The membership fee will be refunded if all bills are paid or applied against any unpaid bills of the member at the time service is discontinued, which will automatically terminate the membership.

2.30 RIGHT OF ACCESS

The Cooperative's identified employees or its agents shall have access to member's premises at all reasonable times for the purpose of meter reading, testing, repairing, inspecting, removing or exchanging any and all equipment belonging to the Cooperative.

2.31 RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

RULES AND REGULATIONS

2.41 DISCONTINUANCE OF SERVICE BY COOPERATIVE

The Cooperative may/shall refuse or discontinue to serve a member under the following conditions (Also see Section 4.40 for requirements):

- (a) For non-compliance with its rules and regulations, pursuant to 807 KAR 5:006, Section 14(1)(e).
- (b) When a dangerous condition is found to exist on the member's premises.
- (c) When a member refuses or neglects to provide reasonable access to the premises for the purpose of installation, operation, meter reading, inspecting, maintenance or removal of Cooperative property, pursuant to 807 KAR 5:006, Section 14(1)(c).
- (d) For non-payment for service furnished or other tariffed charges in accordance with 807 KAR 5:006, Section 14(1)(e).
- (e) For failure to comply with the provisions of the wiring code pursuant to 807 KAR 5:006, Section 14(1)(e).
- (f) For fraudulent or illegal use of service. When the Cooperative has discovered evidence that by fraudulent or illegal means a member has obtained unauthorized service or has diverted the service for unauthorized use or has obtained service without same being properly measured, the service to the customer may be discontinued without notice. The Cooperative will not restore service until the customer has complied with all rules of the Cooperative and regulations of the Public Service Commission and the Cooperative has been reimbursed for the estimated amount of the service rendered, including the initial disconnection and the cost to the Cooperative incurred by reason of the fraudulent use. The discontinuance of service to a member for any cause stated in this rule does not release the member of his obligations to all debts due. Within 24 hours after such termination, the utility shall send written notification to the customer of the reasons for termination or refusal of service upon which the utility relies, and of the customer's right to challenge the termination by filing a formal complaint with the Commission.

2.50 SPECIAL CHARGES

The Cooperative may make a charge of \$36.00 for each trip made during regular working hours or \$138.00 for each trip made after or before regular working hours for any service trip requested by a member to restore electric service when it is determined that the service interruption was caused by a defect in the member's wiring or equipment and is not the fault of the Cooperative.

2.60 CONNECT, RECONNECT, COLLECTION AND METER READING CHARGES

- (a) The Cooperative will make no charge for connecting service to the new member's installation of service provided the connection is made during regular working hours.
- (b) The Cooperative may make a service charge of \$36.00 for the following: (I)
1. A trip to either disconnect a past due account, collect the past due amount, or if utility representative agrees to delay termination based on customers agreement to pay delinquent bill by specific date. (T)
(T)
(T)
 2. A trip to reconnect an account that has been disconnected for delinquent bill or to reconnect an account that is seasonal that was disconnected within the previous 12 months. (T)
(T)
(T)
 3. If due to consumers negligence or refusal to grant an identified Cooperative agent or contract meter reader access for meter reading and a Cooperative employee is dispatched to read the meter and/or disconnect.
- (c) In lieu of (a) and (b) above, a charge of \$138.00 shall apply if the consumer requests service before or after regular working hours. (T) (I)
(T)

2.70 RETURN CHECK CHARGE

The Cooperative will make a charge of \$17.00 for each check returned unpaid by the bank for any reason. The returned check charge will be added to the amount of the return check and be subject to the conditions set forth in Section 5.50, Unpaid Checks from Consumers. (I)

2.80 SERVICE CHARGES FOR TEMPORARY SERVICE

Consumers requiring temporary service may be required to pay all costs of connecting and disconnecting incidental to the supplying and removing of service. In addition to this, an amount will be required to cover estimated consumption of electricity. All such costs will be paid in advance. Any balance remaining at the end of temporary service will be refunded. (This rule applies, but not limited, to carnivals, fairs, voting booths, temporary construction projects, etc.) Temporary line extension requirements are in Section 6. (I)

SECTION III - METERS

3.10 METER TESTS

- (a) All new meters shall be checked for accuracy before installation. The Cooperative will, at its own expense, make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission.
- (b) The Cooperative will make additional tests of meters at the request of the member, provided the member does not request such test more frequently than once in twelve (12) months and upon payment of a fee for obtaining and testing of \$48.00 paid in advance which is refundable to consumer only if the meter does not test within the 2% fast or slow range. (I)
- (c) If test results on a consumer's meter show an average error greater than two percent (2%) fast or slow, or if a consumer has been incorrectly billed for any other reason, except in an instance where a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a consumer, the cooperative shall immediately determine the period during which the error has existed, and shall recompute and adjust the consumer's bill to either provide a refund to the consumer or collect an additional amount of revenue from the underbilled consumer. The Cooperative shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the consumer. If that data is not available, the average usage of similar consumer loads shall be used for comparison purposes in calculating the time period.

If the Consumer and the Cooperative are unable to agree on an estimate of the time period during which the error existed, the Kentucky Public Service Commission shall determine the issue.

In all instances of consumer overbilling, the consumer's account shall be credited or the overbilled amount refunded at the request of the consumer within thirty (30) days after final meter test results. The Cooperative shall not require consumer repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling.

3.20 INSPECTION OF METERS

When a consumer is being connected at a location previously occupied by someone else, the meter shall be removed from the meter base and inspected for any evidence of misuse or tampering. If misuse or tampering is found, a new meter shall be installed and the old one tested.

3.30 METER READINGS

The cooperative provides contract meter reading services to its consumers on a route basis and makes no separate charge for this service, except as provided in Section 2.60, Connect, Reconnect and Meter Reading Charges.

3.40 METER ACCESS

All meters must be accessible for meter reading, inspection and maintenance. The consumer is prohibited from enclosing a meter in building additions or by any other means restricting access to the meter from the cooperative employees or its agents. If a building addition is planned by a consumer which would enclose the meter, the consumer shall notify the Cooperative. SECTION IV - CONSUMER EQUIPMENT

4.10 POINT OF DELIVERY

The point of delivery is the point as designated by the Cooperative on member's premises where current is to be delivered to building or premises, ordinarily the meter. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. The member will, however, notify the Cooperative of any proposed changes in his equipment or wiring which will materially increase or decrease his load so the Cooperative may check its equipment to make certain it will accommodate the consumer's load requirements.

Should a consumer insist that his/her point of delivery be at a different location than that selected by the Cooperative, the consumer shall be required to pay an Aid to Construction equal to the additional cost incurred by the Cooperative to serve the new delivery point.

4.20 MEMBER'S WIRING AND POINT OF ATTACHMENT

(a) All electrical wiring on the member's premises shall conform to all applicable codes and rules and regulations; namely,

1. The National Electrical Code.
2. Any state, county or municipal code where and when applicable.
3. The Uniform Wiring Code, so long as it is as strict or more strict in its requirements than the National Electrical Code.
4. All electrical wiring in a building or other facilities must be inspected for compliance with all applicable Electric Codes by an inspector licensed by the State Fire Marshall before the first connection for service.

(b) If any consumer does not have an appropriate point of attachment and a meter pole is requested, there shall be a payment of \$100, non-refundable, as an Aid to Construction to help offset this extra cost.

SECTION V - ELECTRIC BILLING

5.10 BILLING

- (a) Members will receive a statement for electric service monthly on a date to be determined by the Board of Directors for service rendered for approximately a thirty-day period ending about the same day of the preceding month. All statements are due and payable upon receipt and shall be paid at the office of the Cooperative on or before the due date as shown on bill. Failure to receive electrical statement will not release the member from payment obligation.
- (b) Bills rendered for electric service shall be in the format as shown in Appendix F of these Rules, Regulations and Tariffs.

5.11 DISCONNECTION OF SERVICE FOR NONPAYMENT

- (a) Should the electric bill not be paid on the due date, the Cooperative may at any time thereafter on a ten (10) day written notice to the consumer, with a disconnect date stated, disconnect the service. When termination (Past Due) notice is mailed to the last known address of the consumer, the termination date will not be before 27 days have elapsed since the date of the original bill. The termination date will not be affected by the rendering of any subsequent bill.
- (b) A residential consumer may delay the termination date by 30 days providing the consumer presents to the cooperative prior to disconnect date a signed statement by a physician, registered nurse or public health officer certifying that termination of service will aggravate a debilitating illness or infirmity on the affected premises. The cooperative will refuse to grant consecutive extensions for medical extensions beyond the original thirty (30) days unless a new certificate is presented and the consumer agrees to a written payment plan.

All such agreements shall be in writing and signed by the employee and consumer. Once an agreement is executed, the provisions must be adhered to and will be subject to immediate disconnect of service, without notice, if not. A second agreement amending the first agreement will not be accepted, except by mutual agreement in unusual circumstances.
- (d) The Cooperative will comply with the Winter Hardship rules as specified by the Kentucky Public Service Commission as stated in 807 KAR 5:006 - General Rules Section 15, a copy of which is available to consumers to inspect in each of the Cooperative offices.
- (e) The form of Past Due Notice is as shown in Appendix G of these Rules, Regulations and Tariffs.

5.12 LEVELIZED BUDGET BILLING FOR RESIDENTIAL CONSUMERS

- (a) Levelized Budget Billing consists of a billing showing actual usage and amount for the current month, along with a rolling average not to exceed 11 months of history plus the current month and produces that average as the amount due for the current month. This average will only fluctuate by a small amount monthly and will be rounded to the nearest dollar. The monthly bill shall show the consumers actual account balance each month, and levelized amount due.
- (b) Consumer must request levelized budget billing and may do so at any time, and may cancel by giving 30 days advance notice to the Cooperative.
- (c) Once requested the account will remain on levelized budget billing until a request is made as above, or the account becomes delinquent and if not paid the entire balance becomes due and payable under the terms of all other billing.

RULES AND REGULATIONS

5.40 DEPOSITS

- (a) Residential – Deposits shall not exceed 2/12 of the annual bills and shall be based upon actual usage of the consumer at the same or similar premises for the most recent twelve (12) month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar consumer and premises in the system. For a consumer for which no similar consumer and premises historical usage information exists, an estimate will be calculated based on engineering data, such as requirements for transformer size, particular loads to be served and type and duration of usage. (T)
- (b) Small Commercial (up to and including 50KVA) – Deposits shall be 2/12 of the annual bills and determined in the same manner as (a) above.
- (c) Industrial and Large Power (above 50KVA) – Deposits shall be 2/12 of the annual bills and determined in the same manner as (a) above.
- (d) All Other Accounts – Deposits shall be 2/12 of the annual bills and determined in the same manner as (a) above. However, if the deposit amount so calculated would result in a deposit of less than \$30.00, no deposit will be required.

5.41 EXCEPTION TO REQUIRED DEPOSITS

A deposit may be waived for those classifications in section 5.40 Deposits – (a) Residential, (b) Small Commercial and (d) All Other, under the following conditions:

- (a) If the consumer has a twelve (12) month history, with the Cooperative, of timely payments with no more than two cut-off notices generated within that period.
- (b) If the consumer has an acceptable letter of credit from another electric utility which is no more than 18 months old.

RULES AND REGULATIONS

A deposit will not be required under the Winter Hardship provision as specified by the Kentucky Public Service Commission and stated in 807 KAR 5:006 - General Rules, Section 15.

Any Industrial or Large Power account may provide a suitable surety bond in the Cooperative's favor in lieu of a cash deposit provided the surety company issues the bond with a cancellation clause that gives the Cooperative 90 days notice prior to any such cancellation. Should a bond be canceled the consumer will be required to pay a cash deposit in the amount required on or before the cancellation date.

5.42 INTEREST ON DEPOSITS

- (a) Interest shall accrue on all deposits at the Kentucky legal rate per annum and shall be credited to the Consumers bill annually or refunded by check if consumer requests.
- (b) Interest shall begin upon receipt of the deposit and will be prorated from receipt to August 31, with credit or payment being made in September of each year.
- (c) Exceptions to interest earned:

If an account is delinquent as of August 31, or on the date of disconnect, then interest is waived and no credit or payment will be made.

5.43 EVIDENCE, DURATION AND RECALCULATION OF DEPOSIT (T)

- (a) The deposit paid shall be evidenced by the application for service when properly executed and signed by the President and Secretary of the Cooperative and the Corporate seal is affixed.
- (b) The duration of the deposit shall be for the period the account is connected and billed for service and until all bills for same have been paid. Deposits will be applied to any balance remaining after disconnection, and refund any portion in excess. The Cooperative, at its discretion, may refund any deposit when there is currently twelve (12) consecutive payments with no more than two cut-off notices having been generated.

5.60 MONITORING OF CONSUMER USAGE (T)

On a monthly basis, kWh usage for all accounts will be monitored by the Cooperative according to the following procedure:

- (a) The member's current monthly kWh usage will be compared to previous periods. Accounts which meet the following exception criteria will be listed for evaluation:

The bill amount is greater than twice the previous month
 kWh usage is less than one-third of last month's
 kWh usage is fifty percent more or less than the same month last year
 The bill amount is less than the minimum for the rate schedule
 Demand usage is twenty-five percent more or less than last month's
 Demand usage is fifty percent more or less than the same month last year

- (b) If the deviation in usage for any account listed on the exception report is attributed to unique circumstances such as unusual weather conditions, which would affect all members, no further review will be done.
- (c) If deviation cannot be readily attributed to a common cause, the Cooperative will further investigate the account usage by comparing the last twelve month's usage to the same months of the previous year.
- (d) If the cause for the usage deviation cannot be determined from analysis of the member's meter reading and billing records, the Cooperative may dispatch service personnel to verify the meter reading, check the service installation, or to make personal contact with the member to inquire about the unexplained usage deviation. The Cooperative will contact the member by telephone or in writing about the usage deviation if the service personnel cannot determine the cause.
- (e) Where the deviation is not otherwise explained, the account will be monitored for two (2) consecutive months and if not resolved, the Cooperative will test the member's meter to determine whether it shows an average error greater than two percent (2%) fast or slow. The Cooperative will notify the member of the investigation and results and will refund or bill for any errors in accordance with 807 KAR 5:00, Section 10(4) and (5).

In addition to the monthly monitoring, the Cooperative will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading and bill processing member inquiry.

5.70 CLASSES OF SERVICE

Members of the Cooperative are served under the following classification and applicable rate schedules:

- Schedule A - Residential, Farm and Non-Farm
- Schedule A - Public Buildings
- Schedule B - Small Commercial
- Schedule LP - Large Power
- Schedule LP-1 - Large Power (1,000 - 4,999 KW)
- Schedule LP-2 - Large Power (5,000 - 9,999 KW)
- Schedule LP-3 - Large Power (1,000 - 2,999 KW)
- Schedule OPS - Optional Power Service (Limited to 300 KVA)
- Schedule OL - Outdoor Lighting (Security Lights)
- Schedule STL - Street Lighting
- Schedule TVB - Unmetered Commercial Service
- Schedule CTA - Cable Television Attachment

For information as to the availability, rates, charges, type of service terms, etc., of the above mentioned services, see applicable rate schedule, a copy of which attached hereto and made a part thereof.

5.71 PURPOSE OF CLASSIFICATION

Classification is a means for treating without discrimination, all consumers having similar characteristics in their use of service. Special classification will be avoided unless surrounding conditions are so unusual that to apply one of the existing rates or rules would result in serious injustice to either the particular member or to all other members. Certain installations may be unmetered and be billed a set monthly rate. These are to be installations that the monthly usage is fairly constant. These services, more specifically are: Certain cable TV amplifiers, railroad crossing signals, etc., that present difficulty in maintain metering equipment. (See Schedule TVB).

SECTION VI - LINE EXTENSIONS

6.10 DISTRIBUTION LINE EXTENSION - OVERHEAD TO PERMANENT DWELLINGS (T)

For the purpose of this policy, this section shall include mobile homes meeting any of the following criteria: (1) all doublewide mobile homes, (2) mobile homes attached to a permanent masonry foundation that have had the wheels, axles, and tongues removed, and (3) mobile homes that have had permanently constructed eating, sleeping, and sanitation facilities added that would cause the structure to meet the criteria of a permanent dwelling as defined by the residential National Electric Code. The distribution lines shall be extended to a permanent metered residential dwelling without extra charge providing the extension is not beyond 1,000 feet, unless covered by another section. (T)

- (a) For an extension beyond 1,000 feet (excluding service drop) the customer may be required to pay the cost of the additional extension. The cost shall be the average cost per foot as determined for an average mile of line and which will be kept on file at the Cooperative office for viewing by the public and will be updated periodically.
- (b) Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than 10 years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of 1,000 feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period, no refund will be required to be made.
- (c) Subdivisions - A Proposed real estate subdivision may be required to pay the entire cost of the extension. Refunds for this advance may commence in 12 (twelve) months. The basis for refund shall be an allowance of 1,000 feet of extension at the same rate the advance was made for each customer who has been connected in the 12 (twelve) month period. Any advance balance remaining after a 10 year refund period shall be forfeited.
- (d) Nothing contained herein shall be construed as to prohibit this utility from making at its expense greater extensions than herein prescribed, should its judgment so dictate, provided like free extensions are made to other customers under similar conditions.

- (a) All extensions of up to 150 feet from the nearest facility shall be made without charge.
- (b) Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer may be required to pay the utility a "customer advance for construction" of \$50.00 (fifty dollars) in addition to any other charges required by the utility for all customers. This advance shall be refunded at the end of one year if the service to the mobile home continues for that length of time.
- (c) For extensions greater than 300 feet up to 1,000 feet from the nearest facility, the utility may charge an advance equal to the reasonable costs incurred by it for that portion of the service beyond 300 feet plus \$50.00 (fifty dollars)
 - 1. This advance shall be refunded to the consumer over a four year period. \$50.00 plus 25% of the balance to be refunded after one year. The remaining 75% is to be refunded in equal payments for three (3) years.
 - 2. If the service is discontinued for a period of sixty days, or should the mobile home be moved and not replaced by a permanent structure, the remainder of the advance shall be forfeited.
 - 3. No refund shall be made to any consumer who did not make the advance originally.
- (d) For extensions beyond 1,000 feet from the nearest facility, the utility may charge an advance equal to the reasonable costs incurred by it for that portion of the extension beyond 300 feet plus \$50.00
 - 1. The cost of the first 1,000 feet of such an extension will be refunded as set forth in Section 6.20(c) above. For that portion of the extension beyond the first 1,000 feet the extension policy set forth in Section 6.10 apply.

6.60 UNDERGROUND EXTENSION - RESIDENTIAL SUBDIVISION

The Cooperative will install underground distribution lines to a residential subdivision under the same conditions it provides overhead distribution to residential subdivisions. The Cooperative values the advantages of underground facilities and therefore does not charge an "underground cost differential". The advantages of underground facilities are related to improved reliability and reduced initial and ongoing right of way cost with the following conditions:

- (a) The developer is responsible for all conduit (material and installation) costs to meet the Cooperative's specifications. This includes opening and closing all ditches, and installing all transformer pads.
- (b) All secondaries will be provided by the Cooperative as they are for all services. The member will be responsible for installing the conduit necessary (per Cooperative specifications) to feed the service at each location. The Cooperative will provide the wire and labor to feed the services up to the metering point.
- (c) The Cooperative will construct underground distribution facilities in the subdivision adequate to render single-phase 120/240 volt service.
- (d) Should three phase be needed within the subdivision, they may be fed from overhead lines.
- (e) Developer or successor in title shall grant a right-of-way satisfactory to the Cooperative for the installation operation and maintenance of its underground facilities.
- (f) The wiring specifications of the utility and those of any regulatory body having jurisdiction must be followed. The Cooperative's Rates, Rules, and Regulations for furnishing electric service apply in the case of underground and overhead service alike.
- (g) The member is responsible for obtaining a certificate of compliance from a qualified electrical inspector prior to permanent power being provided.
- (h) All conduits shall have a quarter inch (1/4") nylon rope installed for pulling conductor.
- (i) Opening and closing all ditches is the responsibility of the member.

- (b) The member must furnish (material and installation) all conduit raceways from the transformer to the meter base per Cooperative specifications. The Cooperative's Rates, Rules, and Regulations for furnishing electric service apply in the case of underground and overhead service alike.
 - 1. Schedule 40 PVC is permitted underground, but any conduit above grade must be Schedule 80 PVC.
 - 2. An appropriately sized weatherhead for the conduit being used and three (3) ten feet sections of conduit at the job site, which will be used on the pole.
 - 3. Two and one half (2 ½") inch conduit is required for 200-amp entrances and three (3") inch conduit is required for all 400-amp entrances.
 - 4. All conduits shall have a rope installed for pulling conductor.
 - 5. The member is responsible for obtaining a certificate of compliance from a qualified electrical inspector prior to permanent power being provided.
 - 6. Opening and closing all ditches is the responsibility of the member.

- (g) "Transportation and Defense-related Services", which shall be limited to essential uses required for the operation, guidance control and navigation of air, rail and mass transit systems, including those uses essential to the national defense and operation of state and local emergency services.
- (h) "Other Energy Source Services", which shall be limited to essential uses required for the production, transportation, transmission and distribution--for fuel--of natural or manufactured gas, coal, oil or gasoline.
- (i) "Perishable Food or Medicine", which shall be limited to refrigeration for the storage and preservation of perishable food or medicine, when that use is substantially all of the customer's load.

Although these types of uses will be given special consideration when implementing the manual load-shedding provisions of this procedure, these customers are encouraged to install emergency generation equipment if continuity of service is essential. In case of customers supplied from two utility sources, only one source will be given special consideration. Also, any other customers who, in their opinion, have critical equipment should install emergency generation equipment.

While life support machines are given special consideration during routine operations, planned outages, and outage restoration, they are so numerous on the system they cannot be considered when implementing rolling blackouts. If, however, we are notified of a critical situation during the procedure, we will give consideration at that time to the maximum extent practicable.

Fire stations are numerous on the system and can only be given special consideration in rolling blackouts, if the cooperative is notified that the station is involved in an emergency at that time.

7.30 NONESSENTIAL USES

The following and similar types of uses of electric energy and others which the Commission may subsequently identify shall be considered nonessential for all customers:

- (a) Outdoor flood and advertising lighting, except for the minimum level to protect life and property, and a single illuminated sign identifying commercial facilities when operating after dark.
- (b) General interior lighting levels greater than minimum functional levels.
- (c) Show-window and display lighting.
- (d) Parking-lot lighting above minimum functional levels.
- (e) Energy use greater than that necessary to maintain a temperature of not less than 76 degrees during operation of cooling equipment and not more than 68 degrees during operation of heating equipment.
- (f) Elevator and escalator use in excess of the minimum necessary for non-peak hours of use.
- (g) Energy use greater than that which is the minimum required for lighting, heating or cooling of commercial or industrial facilities for maintenance cleaning or business-related activities during non-business hours.

7.40 LOAD REDUCTION PROCEDURE

Objective: To reduce demand at the cooperative facilities over the time period during which an electric energy shortage is anticipated.

Criteria: This procedure is implemented when a **Load Reduction Alert** is issued. The General Manager has the responsibility of issuing a Load Reduction Alert.

3. Each Department Manager is responsible for seeing that their employees are participating in achieving the largest load reduction possible while still maintaining the service of the facility and not unduly jeopardizing safety.
4. Examples of load reduction are:
 - turning off all but a minimum of indoor and outdoor lighting
 - turning off microcomputers, printers, copiers and other office equipment except as they are used
 - in the winter, setting thermostats no higher than 68 degrees, and in the summer no lower than 76 degrees

7.50 VOLTAGE REDUCTION PROCEDURE

Objective: To reduce demand on the cooperative system over the period during which an electric energy shortage is anticipated by reducing the set point on system voltage regulators.

Criteria: This procedure is implemented when requested by EKPC System Operator.

Procedure: The cooperative will immediately dispatch personnel to reduce set points on regulators as much as possible while continuing to maintain minimum voltage requirements as prescribed by the Kentucky Public Service Commission. The cooperative's specific plan is on file in it's office.

Objective: To reduce demand on the cooperative system over the period during which an electric energy shortage is anticipated through media appeal for consumers to curtail energy use.

Criteria: This procedure is implemented when requested by EKPC Marketing and Communications Division personnel.

Procedure: Notify radio stations covering the service area of the electrical energy shortage and ask them to make the Public Service announcement recommended by EKPC personnel. An example announcement is as follows:

"Attention all Rural Electric Members:

South Kentucky RECC is experiencing a critical shortage of electricity to its members, and is requesting that all non-essential electrical appliances and lighting be turned off, and thermostats be lowered/raised immediately until (time of emergency).

The cooperative is encountering record high usage of electricity during this period of extreme low/high temperatures, and to help us keep from having a power blackout in your area, we need your help NOW until (time of emergency).

Please turn off all electricity you do not have to have on.

Thank you for your cooperation."

Industrial and large commercial consumers will also be contacted and asked to curtail their energy use as well.

The cooperative's specific plan has an up-to-date list of these members and is on file at its office.

DIRECT LOAD CONTROL PROGRAM - DSM – RESIDENTIAL

PURPOSE

The Direct Load Control Program will encourage the reduction in growth of peak demand, enabling South Kentucky Rural Electric Cooperative Corporation to utilize its system more efficiently, manage market purchases, and defer the construction of new generation.

AVAILABILITY

The Direct Load Control Program is available to residential members in the service territories of South Kentucky Rural Electric Cooperative Corporation and will include the control of existing water heaters, existing and new air conditioners and heat pumps.

Availability may be denied where, in the judgment of the South Kentucky Rural Electric Cooperative Corporation, installation of the load control equipment is impractical.

ELIGIBILITY

To qualify for this Program, the new participant must be located in the service territory of South Kentucky Rural Electric Cooperative Corporation and have:

- Central air conditioning or heat pump units with single-stage compressors.

The above appliances may be electrically cycled or interrupted in accordance with the rules of this Tariff.

The participant may either own or rent the residence where the qualifying appliances are located. The residence may be either a single-family structure or a multi-family apartment facility.

The participant is responsible for obtaining the permission of the owner of a rented residence to participate in the load control program. South Kentucky Rural Electric Cooperative Corporation may require that a rental property agreement be executed between South Kentucky Rural Electric Cooperative Corporation and the owner of the rented residence.

DIRECT LOAD CONTROL PROGRAM - DSM – RESIDENTIAL (con't)

PROGRAM INCENTIVES

South Kentucky Rural Electric Cooperative Corporation will provide an incentive to the participants in this program for the following appliances.

Water Heaters - South Kentucky Rural Electric Cooperative Corporation will provide the participating residential member a \$10.00 bill credit per water heater annually or may provide the incentive via other payment means including, but not limited to, a check. The existing participant will receive this credit regardless of whether the water heater is actually controlled.

Air Conditioners and Heat Pumps - South Kentucky Rural Electric Cooperative Corporation will provide an incentive to the participants in this program. The participant may select one of three alternatives, if available. The participant will receive one of these incentives regardless of whether the air conditioner or heat pump is actually controlled during any program month.

Alternative One: For each direct load control switch, South Kentucky Rural Electric Cooperative Corporation will provide the participating residential member a \$20.00 bill credit annually or may provide the incentive via other payment means including, but not limited to, a check.

Alternative Two: When technically feasible, South Kentucky Rural Electric Cooperative Corporation may provide and install at no cost one or more Wi-Fi enabled thermostats as needed for control purposes; or South Kentucky Rural Electric Cooperative Cooperation may provide a Wi-Fi enabled thermostat and a rebate up to \$100 to offset the member's cost to have the thermostat installed by the member's own heating and air-conditioning contractor. The member must sign-up each South Kentucky Rural Electric Cooperative Corporation provided thermostat within 60 days or return it to South Kentucky Rural Electric Cooperative Corporation or be billed by South Kentucky Rural Electric Cooperative Corporation for the cost of the thermostat. Wi-Fi enabled means any thermostat utilizing the Wi-Fi communication protocol or similar local networking communication protocols. The member must have a fixed location, reliable internet for communication. South Kentucky Rural Electric Cooperative Corporation will provide the participating residential member a \$20 bill credit per qualifying Wi-Fi enabled thermostat annually.

Alternative Three - South Kentucky Rural Electric Cooperative Corporation will provide the participating residential member a \$20.00 bill credit per qualifying Wi-Fi enabled thermostat provided by the member that controls an air conditioner or heat pump annually or may provide the incentive via other payment means including, but not limited to, a check. Wi-Fi enabled means any thermostat utilizing the Wi-Fi communication protocol or similar local networking communication protocols. South Kentucky Rural Electric Cooperative Corporation will provide a rebate up to \$100 to offset the member's cost to have the thermostat installed by the member's own heating and air-conditioning contractor. DIRECT LOAD CONTROL PROGRAM - DSM – RESIDENTIAL (con't)

When the qualifying appliances are located in rental residences, program incentives will be paid to the participant, regardless of whether the participant owns or rents the residence where the qualifying appliances are located. Nothing contained in this Tariff will prohibit a further disposition of the program incentive between the participant and the owner of a rented residence.

PROGRAM SPECIAL INCENTIVES

South Kentucky Rural Electric Cooperative Corporation will provide a special incentive up to \$25.00 for new participants that install a load control switch on qualifying air conditioners and heat pumps, utility supplied Wi-Fi enabled thermostat or member supplied Wi-Fi enabled thermostat. This one time incentive will be in the form of a bill credit on the electric bill following the switch installation or maybe provided via other payment means including, but not limited to, a check.

TIME PERIODS FOR DIRECT LOAD CONTROL PROGRAM

Water Heaters - Existing load control switches may be electrically interrupted for a maximum time period of six (6) hours per event during the May through September months indicated below and for a maximum time period of (4) four hours per event during the October through April months indicated below.

EKPC will cycle the water heaters only during the hours listed below.

<u>Months</u>	<u>Hours Applicable for Demand Billing – EPT</u>

The participant must allow South Kentucky Rural Electric Cooperative Corporation, or their representative, reasonable access to install, maintain, inspect, test and remove load control devices. Inability of South Kentucky Rural Electric Cooperative Corporation to gain access to the load management device to perform any of the above activities for a period exceeding thirty (30) days may, at South Kentucky Rural Electric Cooperative Corporation's option, result in discontinuance of credits under this Tariff until such time as South Kentucky Rural Electric Cooperative Corporation is able to gain the required access.
3. Participants may join the program at any time during the year. Participants with air conditioning or heat pump units who join during the months of June through September can select an incentive alternative as described in this Tariff. If the incentive is selected, incentives will be provided annually.
4. If a participant decides to withdraw from the program or change incentive alternatives, South Kentucky Rural Electric Cooperative Corporation will endeavor to implement the change as soon as possible.
5. If a participant decides to withdraw from the program, the participant may not apply to rejoin the program for a period of six (6) months. APPENDIX I

NET METERING

AVAILABILITY OF NET METERING SERVICE

Net Metering is available to eligible member-generators in South Kentucky Rural Electric Cooperative Corporation's service territory, upon request, and on a first-come, first-served basis up to a cumulative capacity of one percent (1%) of the South Kentucky Rural Electric Cooperative Corporation's single hour peak load during the previous year. If the cumulative generating capacity of net metering systems reaches 1% of a supplier's single hour peak load during the previous year, upon Commission approval, South Kentucky Rural Electric Cooperative Corporation's obligation to offer net metering to a new member-generator may be limited. An eligible member-generator shall mean a member retail electric member of South Kentucky Rural Electric Cooperative Corporation with a generating facility that:

- 1) Generates electricity using solar energy, wind energy, biomass or biogas energy, or hydro energy;
- 2) Has a rated capacity of not greater than forty-five (45) kilowatts;
- 3) Is located on the member's premises;
- 4) Is owned and operated by the member;
- 5) Is connected in parallel with South Kentucky Rural Electric Cooperative Corporation's electric distribution system; and
- 6) Has the primary purpose of supplying all or part of the member's own electricity requirements.

(T)

At its sole discretion, South Kentucky Rural Electric Cooperative Corporation may provide Net Metering to other member-generators not meeting all the conditions listed above on a case-by-case basis.

METERING

South Kentucky Rural Electric Cooperative Corporation shall provide net metering services, without any cost to the Member for metering equipment, through a standard kilowatt-hour metering system capable of measuring the flow of electricity in two (2) directions. This provision does not relieve Member of his or her responsibility to pay metering costs embedded in the South Kentucky Rural Electric Cooperative Corporation's Commission

DATE OF ISSUE: December 11, 2019

DATE EFFECTIVE: January 2, 2020

COMMISSION IN CASE NO. 2019-00440
DATED DECEMBER 9, 2019.

approved base rates. Net metered electricity shall be measured in accordance with standard metering practices established by South Kentucky Rural Electric Cooperative Corporation using metering equipment capable of measuring and recording energy flows, on a kWh basis, from South Kentucky Rural Electric Cooperative Corporation to the member-generator and from the member-generator to South Kentucky Rural Electric Cooperative Corporation, with each directional energy flow recorded independently. If time-of-day or time-of-use metering is used, the electricity fed back to the electric grid by the member-generator shall be metered and accounted for at the specific time it is fed back to the electric grid in accordance with the time-of-day and time-of-use billing agreement currently in place.

Any additional meter, meters, or distribution upgrades needed to monitor the flow in each direction shall be installed at the Member's expense.

BILLING AND PAYMENT

For charges collected on the basis of metered registration, South Kentucky Rural Electric Cooperative Corporation shall, for each monthly billing period, determine the net meter registration of the member-generator by comparing the directional energy flow in each direction. If the net meter registration shows that the deliveries of energy in kWh from the member-generator to South Kentucky Rural Electric Cooperative Corporation exceed the deliveries of energy in kWh from South Kentucky Rural Electric Cooperative Corporation to the member-generator, the net meter registration in kWh will be carried forward to the next monthly billing period as a Net Metering Credit, expressed in kWh. If the member-generators carried over a Net Metering Credit from one of more prior months, the net meter registration from the current month shall be added to the Net Metering Credit that exists from prior months.

If the net metering registration shows that deliveries of energy in kWh from the Cooperative to the member-generator exceed the deliveries of energy in kWh from the member-generator to the Cooperative, the member-generator shall pay the Cooperative for the net amount of energy delivered by the Cooperative after application of any Net Metering Credit carried forward from previous months at the current rate applicable to its type or class of electric service.

The member shall be responsible for payment of any applicable member charge or other applicable charges.

At no time shall South Kentucky Rural Electric Cooperative Corporation be required to convert the Net Billing Credit to cash. If a member-generator closes his account, no cash refund for residual Net Metering Credits shall be paid.

Net Metering Credits are not transferable between members or locations.

APPLICATION AND APPROVAL PROCESS

The Member shall submit an Application for Interconnection and Net Metering ("Application") and receive approval from South Kentucky Rural Electric Cooperative Corporation prior to connecting the generator facility to South Kentucky Rural Electric Cooperative Corporation's system.

Applications will be submitted by the Member and reviewed and processed by South Kentucky Rural Electric Cooperative Corporation according to either Level 1 or Level 2 processes defined in this tariff.

South Kentucky Rural Electric Cooperative Corporation may reject an Application for violations of any code, standard, or regulation related to reliability or safety; however, South Kentucky Rural Electric Cooperative Corporation will work with the Member to resolve those issues to the extent practicable.

Members may contact South Kentucky Rural Electric Cooperative Corporation to check on status of an Application or with questions prior to submitting an Application. Contact information is provided on the Application form and is listed on South Kentucky Rural Electric Cooperative Corporation's website.

LEVEL 1 AND LEVEL 2 DEFINITIONS

LEVEL 1

A Level 1 Application shall be used if the generating facility is inverter-based and is certified by a nationally recognized testing laboratory to meet the requirements of Underwriters Laboratories Standard 1741 "Inverters, Converters, Controllers and Interconnection System Equipment for Use With Distributed Energy Resources" (UL 1741).

South Kentucky Rural Electric Cooperative Corporation will approve the Level 1 Application if the generating facility also meets all of the following conditions:

- 1) For interconnection to a radial distribution circuit, the aggregated generation on the circuit, including the proposed generating facility, will not exceed 15% of the Line Section's most recent annual one hour peak load. ~~A line section is the smallest part of the primary distribution system the generating facility could remain connected to after operation of any sectionalizing devices.~~

- 2) If the proposed generating facility is to be interconnected on a single-phase shared secondary, the aggregate generation capacity, including the proposed generating facility, will not exceed the smaller of 20 kVA or the nameplate rating of the transformer.
- 3) If the proposed generating facility is single-phase and is to be interconnected on a center tap neutral of a 240 volt service, its addition shall not create an imbalance between the two sides of the 240 volt service of more than 20% of the nameplate rating of the service transformer.
- 4) If the generating facility is to be connected to three-phase, three wire primary South Kentucky Rural Electric Cooperative Corporation distribution lines, the generator shall appear as a phase-to-phase connection at the primary South Kentucky Rural Electric Cooperative Corporation distribution line.
- 5) If the generating facility is to be connected to three-phase, four wire primary South Kentucky Rural Electric Cooperative Corporation distribution lines, the generator shall appear to the primary South Kentucky Rural Electric Cooperative Corporation distribution line as an effectively grounded source.
- 6) The interconnection will not be on an area or spot network.
- 7) South Kentucky Rural Electric Cooperative Corporation does not identify any violations of any applicable provisions of IEEE 1547, "Standard for Interconnecting Distributed Resources with Electric Power Systems."
- 8) No construction of facilities by South Kentucky Rural Electric Cooperative Corporation on its own system will be required to accommodate the generating facility.

If the generating facility does not meet all of the above listed criteria, South Kentucky Rural Electric Cooperative Corporation, in its sole discretion, may either: 1) approve the generating facility under the Level 1 Application if South Kentucky Rural Electric Cooperative Corporation determines that the generating facility can be safely and reliably connected to South Kentucky Rural Electric Cooperative Corporation's system; or 2) deny the Application as submitted under the Level 1 Application.

South Kentucky Rural Electric Cooperative Corporation shall notify the member within 20 business days whether the Application is approved or denied, based on the criteria provided in this section.

If the Application lacks complete information, South Kentucky Rural Electric Cooperative Corporation shall notify the Member that additional information is required, including a list of such additional information. The time between notification and receipt of required additional information will add to the time to process the Application.

When approved, South Kentucky Rural Electric Cooperative Corporation will indicate by signing the approval line on the Level 1 Application Form and returning it to the Member. The approval will be subject to successful completion of an initial installation inspection and witness test if required by South Kentucky Rural Electric Cooperative Corporation. South Kentucky Rural Electric Cooperative Corporation's approval section of the Application will indicate if an inspection and witness test are required. If so, the Member shall notify South Kentucky Rural Electric Cooperative Corporation within 3 business days of completion of the generating facility installation and schedule an inspection and witness test with South Kentucky Rural Electric Cooperative Corporation to occur within 10 business days of completion of the generator facility installation or as otherwise agreed to by South Kentucky Rural Electric Cooperative Corporation and the Member. The Member may not operate the generating facility until successful completion of such inspection and witness test, unless South Kentucky Rural Electric Cooperative Corporation expressly permits operational testing not to exceed two hours. If the installation fails the inspection or witness test due to non-compliance with any provision in the Application and South Kentucky Rural Electric Cooperative Corporation approval, the Member shall not operate the generating facility until any and all non-compliance issues are corrected and re-inspected by South Kentucky Rural Electric Cooperative Corporation.

If the Application is denied, South Kentucky Rural Electric Cooperative Corporation will supply the Member with reasons for denial. The Member may resubmit under Level 2 if appropriate.

LEVEL 2

A Level 2 Application is required under any of the following:

- 1) The generating facility is not inverter based;
- 2) The generating facility uses equipment that is not certified by a nationally recognized testing laboratory to meet the requirements of UL 1741.

- 3) The generating facility does not meet one or more of the additional conditions under Level 1.

South Kentucky Rural Electric Cooperative Corporation will approve the Level 2 Application if the generating facility meets South Kentucky Rural Electric Cooperative Corporation's technical interconnection requirements, which are based on IEEE 1547.

South Kentucky Rural Electric Cooperative Corporation will process the Level 2 Application within 30 business days of receipt of a complete Application. Within that time South Kentucky Rural Electric Cooperative Corporation will respond in one of the following ways:

- 1) The Application is approved and South Kentucky Rural Electric Cooperative Corporation will provide the Member with an Interconnection Agreement to sign.
- 2) If construction or other changes to South Kentucky Rural Electric Cooperative Corporation's distribution system are required, the cost will be the responsibility of the Member. South Kentucky Rural Electric Cooperative Corporation will give notice to the Member and offer to meet to discuss estimated costs and construction timeframe. Should the Member agree to pay for costs and proceed, South Kentucky Rural Electric Cooperative Corporation will provide the Member with an Interconnection Agreement to sign within a reasonable time.
- 3) The Application is denied. South Kentucky Rural Electric Cooperative Corporation will supply the Member with reasons for denial and offer to meet to discuss possible changes that would result in South Kentucky Rural Electric Cooperative Corporation approval. Member may resubmit Application with changes.

If the Application lacks complete information, South Kentucky Rural Electric Cooperative Corporation shall notify the Member that additional information is required, including a list of such additional information. The time between notification and receipt of required additional information will add to the 30-business-day target to process the Application.

The Interconnection Agreement will contain all the terms and conditions for interconnection consistent with those specified in this tariff, inspection and witness test requirements, description of and cost of construction or other changes to South Kentucky Rural Electric Cooperative Corporation's distribution system required to accommodate the generating facility, and detailed documentation of the generating facilities which may include single line diagrams, relay settings, and a description of operation.

The Member may not operate the generating facility until an Interconnection Agreement is signed by the Member and South Kentucky Rural Electric Cooperative Corporation and all necessary conditions stipulated in the agreement are met.

APPLICATION, INSPECTION AND PROCESSING FEES

No application fees or other review, study, or inspection or witness test fees may be charged by South Kentucky Rural Electric Cooperative Corporation for Level 1 Applications.

South Kentucky Rural Electric Cooperative Corporation requires each Member to submit with each Level 2 Application a non-refundable application, inspection and processing fee of up to \$100 for Level 2 Applications. In the event South Kentucky Rural Electric Cooperative Corporation determines an impact study is necessary with respect to a Level 2 Application, the Member shall be responsible for any reasonable costs up to \$1,000 for the initial impact study. South Kentucky Rural Electric Cooperative Corporation shall provide documentation of the actual cost of the impact study. Any other studies requested by the Member shall be at the Member's sole expense.

TERMS AND CONDITIONS FOR INTERCONNECTION

To interconnect to South Kentucky Rural Electric Cooperative Corporation's distribution system, the Member's generating facility shall comply with the following terms and conditions:

- 1) South Kentucky Rural Electric Cooperative Corporation shall provide the Member net metering services, without charge for standard metering equipment, through a standard kilowatt-hour metering system capable of measuring the flow of electricity in two (2) directions. If the Member requests any additional meter or meters or distribution upgrades are needed to monitor the flow in each direction, such installations shall be at the Member's expense.
- 2) The Member shall install, operate, and maintain, at Member's sole cost and expense, any control, protective, or other equipment on the Member's system required by South Kentucky Rural Electric Cooperative Corporation's technical interconnection requirements based on IEEE 1547, the NEC, accredited testing laboratories such as Underwriters Laboratories, and the manufacturer's suggested practices for safe, efficient and reliable operation

of the generating facility in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system. Member shall bear full responsibility for the installation, maintenance and safe operation of the generating facility. Upon reasonable request from South Kentucky Rural Electric Cooperative Corporation, the Member shall demonstrate generating facility compliance.

- 3) The generating facility shall comply with, and the Member shall represent and warrant its compliance with: (a) any applicable safety and power quality standards established by IEEE and accredited testing laboratories such as Underwriters Laboratories; (b) the NEC as may be revised from time to time; (c) South Kentucky Rural Electric Cooperative Corporation's rules, regulations, and Service Regulations as contained in South Kentucky Rural Electric Cooperative Corporation's Retail Electric Tariff as may be revised from time to time with the approval of the Kentucky Public Service Commission (Commission); (d) the rules and regulations of the Commission, as such rules and regulations may be revised from time to time by the Commission; and (e) all other applicable local, state, and federal codes and laws, as the same may be in effect from time to time. - 4) Any changes or additions to South Kentucky Rural Electric Cooperative Corporation's system required to accommodate the generating facility shall be considered excess facilities. Member shall agree to pay South Kentucky Rural Electric Cooperative Corporation for actual costs incurred for all such excess facilities prior to construction.
- 5) Member shall operate the generating facility in such a manner as not to cause undue fluctuations in voltage, intermittent load characteristics or otherwise interfere with the operation of South Kentucky Rural Electric Cooperative Corporation's electric system. At all times when the generating facility is being operated in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system, Member shall operate the generating facility in such a manner that no adverse impacts will be produced thereby to the service quality rendered by South Kentucky Rural Electric Cooperative Corporation to any of its other members or to any electric system interconnected with South Kentucky Rural Electric Cooperative Corporation's electric system. Member shall agree that the interconnection and operation of the generating facility is secondary to, and shall not interfere with, South Kentucky Rural Electric Cooperative Corporation's ability to meet its primary responsibility of furnishing reasonably adequate service to its members.

discretion to isolate the generating facility or require the Member to discontinue operation of the generating facility if South Kentucky Rural Electric Cooperative Corporation believes that: (a) continued interconnection and parallel operation of the generating facility with South Kentucky Rural Electric Cooperative Corporation's electric system may create or contribute to a system emergency on either South Kentucky Rural Electric Cooperative's or the Member's electric system; (b) the generating facility is not in compliance with the requirements of this tariff, and the noncompliance adversely affects the safety, reliability, or power quality of South Kentucky Rural Electric Cooperative Corporation's electric system; or (c) the generating facility interferes with the operation of South Kentucky Rural Electric Cooperative Corporation's electric system. In non-emergency situations, South Kentucky Rural Electric Cooperative Corporation shall give the Member notice of noncompliance including a description of the specific noncompliance condition and allow the Member a reasonable time to cure the noncompliance prior to isolating the generating facilities. In emergency situations, when South Kentucky Rural Electric Cooperative Corporation is unable to immediately isolate or cause the Member to isolate only the generating facility, South Kentucky Rural Electric Cooperative Corporation may isolate the Member's entire facility.

SECTION 9 (1)

J. D. Brown
Executive Director

TERMS AND CONDITIONS:

- 1) South Kentucky Rural Electric Cooperative Corporation shall provide the Member net metering services, without charge for standard metering equipment, through a standard kilowatt-hour metering system capable of measuring the flow of electricity in two (2) directions. If the Member requests any additional meter or meters or distribution upgrades are needed to monitor the flow in each direction, such installations shall be at the Member's expense.
- 2) The Member shall install, operate, and maintain, at Member's sole cost and expense, any control, protective, or other equipment on the Member's system required by South Kentucky Rural Electric Cooperative Corporation's technical interconnection requirements based on IEEE 1547, the NEC, accredited testing laboratories such as Underwriters Laboratories, and the manufacturer's suggested practices for safe, efficient and reliable operation of the generating facility in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system. The Member shall bear full responsibility for the installation, maintenance and safe operation of the generating facility. Upon reasonable request from South Kentucky Rural Electric Cooperative Corporation, the Member shall demonstrate generating facility compliance.
- 3) The generating facility shall comply with, and the Member shall represent and warrant its compliance with: (a) any applicable safety and power quality standards established by IEEE and accredited testing laboratories such as Underwriters Laboratories; (b) the NEC as may be revised from time to time; (c) South Kentucky Rural Electric Cooperative Corporation's rules, regulations, and Service Regulations as contained in South Kentucky Rural Electric Cooperative Corporation's Retail Electric Tariff as may be revised from time to time with the approval of the Kentucky Public Service Commission (Commission); (d) the rules and regulations of the Commission, as such rules and regulations may be revised from time to time by the Commission; and (e) all other applicable local, state, and federal codes and laws, as the same may be in effect from time to time. Where required by law, Member shall pass an electrical inspection of the generating facility by a local authority having jurisdiction over the installation.
- 4) Any changes or additions to South Kentucky Rural Electric Cooperative Corporation's system required to accommodate the generating facility shall be considered excess facilities. Member shall agree to pay South Kentucky Rural Electric Cooperative Corporation for actual costs incurred for all such excess facilities prior to construction.

- 5) The Member shall operate the generating facility in such a manner as not to cause undue fluctuations in voltage, intermittent load characteristics or otherwise interfere with the operation of South Kentucky Rural Electric Cooperative Corporation's electric system. At all times when the generating facility is being operated in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system, the Member shall operate the generating facility in such a manner that no adverse impacts will be produced thereby to the service quality rendered by South Kentucky Rural Electric Cooperative Corporation to any of its other members or to any electric system interconnected with South Kentucky Rural Electric Cooperative Corporation's electric system. The Member shall agree that the interconnection and operation of the generating facility is secondary to, and shall not interfere with, South Kentucky Rural Electric Cooperative Corporation's ability to meet its primary responsibility of furnishing reasonably adequate service to its members.
- 6) The Member shall be responsible for protecting, at Member's sole cost and expense, the generating facility from any condition or disturbance on South Kentucky Rural Electric Cooperative Corporation's electric system, including, but not limited to, voltage sags or swells, system faults, outages, loss of a single phase of supply, equipment failures, and lightning or switching surges, except that South Kentucky Rural Electric Cooperative Corporation shall be responsible for repair of damage caused to the generating facility resulting solely from the negligence or willful misconduct on the part of South Kentucky Rural Electric Cooperative Corporation.
- 7) After initial installation, South Kentucky Rural Electric Cooperative Corporation shall have the right to inspect and/or witness commissioning tests, as specified in the Level 1 or Level 2 Application and approval process. Following the initial testing and inspection of the generating facility and upon reasonable advance notice to the Member, South Kentucky Rural Electric Cooperative Corporation shall have access at reasonable times to the generating facility to perform reasonable on-site inspections to verify that the installation, maintenance, and operation of the generating facility comply with the requirements of this tariff.
- 8) For Level 1 and 2 generating facilities, an eligible Member shall furnish and install on the Member's side of the point of common coupling a safety disconnect switch which shall be capable of fully disconnecting the Member's energy generating equipment from South Kentucky Rural Electric Cooperative Corporation's electric service under the full rated conditions of the Member's generating facility. The external disconnect switch (EDS) shall be located adjacent to South Kentucky Rural Electric Cooperative Corporation's meters or the location of the EDS shall be noted by placing a sticker on the meter, and shall be of the visible break type in a metal enclosure which can be secured by a padlock.

Issued by authority of an Order of the Public Service Commission of Kentucky
Case No. 2008-00169 Dated January 8, 2009

If the EDS is not located directly adjacent to the meter, the Member shall be responsible for ensuring that the location of the EDS is properly and legibly identified for so long as the generating facility is operational. The disconnect switch shall be accessible to South Kentucky Rural Electric Cooperative Corporation personnel at all times South Kentucky Rural Electric Cooperative Corporation may waive the requirement for an EDS for a generating facility at its sole discretion, and on a case-by-case basis, upon review of the generating facility operating parameters and if permitted under South Kentucky Rural Electric Cooperative Corporation's safety and operating protocols.

- 9) South Kentucky Rural Electric Cooperative Corporation shall have the right and authority at South Kentucky Rural Electric Cooperative Corporation's sole discretion to isolate the generating facility or require the Member to discontinue operation of the generating facility if South Kentucky Rural Electric Cooperative Corporation believes that: (a) continued interconnection and parallel operation of the generating facility with South Kentucky Rural Electric Cooperative Corporation's electric system may create or contribute to a system emergency on either South Kentucky Rural Electric Cooperative Corporation's or the Member's electric system; (b) the generating facility is not in compliance with the requirements of this tariff, and the noncompliance adversely affects the safety, reliability, or power quality of South Kentucky Rural Electric Cooperative Corporation's electric system; or (c) the generating facility interferes with the operation of South Kentucky Rural Electric Cooperative Corporation's electric system. In non-emergency situations, South Kentucky Rural Electric Cooperative Corporation shall give the Member notice of noncompliance including a description of the specific noncompliance condition and allow the Member a reasonable time to cure the noncompliance prior to isolating the generating facilities. In emergency situations, when the South Kentucky Rural Electric Cooperative Corporation is unable to immediately isolate or cause the Member to isolate only the generating facility, South Kentucky Rural Electric Cooperative Corporation may isolate the Member's entire facility.

- 10) The Member shall agree that, without the prior written permission from South Kentucky Rural Electric Cooperative Corporation, no changes shall be made to the generating facility as initially approved. Increases in generating facility capacity will require a new "Application for Interconnection and Net Metering" which will be evaluated on the same basis as any other new application. Repair and replacement of existing generating facility components with like components that meet UL 1741 certification requirements for Level 1 facilities and not resulting in increases in generating facility capacity is allowed without approval

11) To the extent permitted by law, the Member shall protect, indemnify, and hold harmless South Kentucky Rural Electric Cooperative Corporation and its directors, officers, employees, agents, representatives and contractors against and from all loss, claims, actions or suits, including costs and attorneys fees, for or on account of any injury or death of persons or damage to property caused by the Member or the Member's employees, agents, representatives and contractors in tampering with, repairing, maintaining, or operating the Member's generating facility or any related equipment or any facilities owned by South Kentucky Rural Electric Cooperative Corporation except where such injury, death or damage was caused or contributed to by the fault or negligence of South Kentucky Rural Electric Cooperative Corporation or its employees, agents, representatives, or contractors.

The liability of South Kentucky Rural Electric Cooperative Corporation to the Member for injury to person and property shall be governed by the tariff(s) for the class of service under which the Member is taking service.

12) The Member shall maintain general liability insurance coverage (through a standard homeowner's, commercial, or other policy) for both Level 1 and Level 2 generating facilities. The Member shall, upon request, provide South Kentucky Rural Electric Cooperative Corporation with proof of such insurance at the time that application is made for net metering.

13) By entering into an Interconnection Agreement, or by inspection, if any, or by non-rejection, or by approval, or in any other way, South Kentucky Rural Electric Cooperative Corporation does not give any warranty, express or implied, as to the adequacy, safety, compliance with applicable codes or requirements, or as to any other characteristics, of the generating facility equipment, controls, and protective relays and equipment.

14) A Member's generating facility is transferable to other persons or service locations only after notification to South Kentucky Rural Electric Cooperative Corporation has been made and verification that the installation is in compliance with this tariff. Upon written notification that an approved generating facility is being transferred to another person, member, or location, South Kentucky Rural Electric Cooperative Corporation will verify that the installation is in compliance with this tariff and provide written notification to the member(s) within 20 business days. If the installation is no longer in compliance with this tariff, South Kentucky Rural Electric Cooperative Corporation will notify the Member in writing and list what must be done to place the facility in compliance.

COOPERATIVE APPROVAL SECTION

When signed below by a Cooperative representative, Application for Interconnection and Net Metering is approved subject to the provisions contained in this Application and as indicated below.

Cooperative inspection and witness test: Required Waived

If inspection and witness test is required, the Member shall notify the Cooperative within 3 business days of completion of the generating facility installation and schedule an inspection and witness test with the Cooperative to occur within 10 business days of completion of the generating facility installation or as otherwise agreed to by the Cooperative and the Member. Unless indicated below, the Member may not operate the generating facility until such inspection and witness test is successfully completed. Additionally, the Member may not operate the generating facility until all other terms and conditions in the Application have been met.

Call _____ to schedule an inspection and witness test.

Pre-Inspection operational testing not to exceed two hours: Allowed Not Allowed

If inspection and witness test is waived, operation of the generating facility may begin when installation is complete, and all other terms and conditions in the Application have been met.

INTERCONNECTION AGREEMENT

THIS INTERCONNECTION AGREEMENT (Agreement) is made and entered into this _____ day of _____, 20____, by and between _____ (Cooperative), and _____ (Member). Cooperative and Member are hereinafter sometimes referred to individually as "Party" or collectively as "Parties".

WITNESSETH:

WHEREAS, Member is installing, or has installed, generating equipment, controls, and protective relays and equipment (Generating Facility) used to interconnect and operate in parallel with Cooperative's electric system, which Generating Facility is more fully described in Exhibit A, attached hereto and incorporated herein by this Agreement, and as follows:

Location: _____

Generator Size and Type: _____

NOW, THEREFORE, in consideration thereof, Member and Cooperative agree as follows:

Cooperative agrees to allow the Member to interconnect and operate the Generating Facility in parallel with the Cooperative's electric system and the Member agrees to abide by Cooperative's Net Metering Tariff and all the Terms and Conditions listed in this Agreement including any additional conditions listed in Exhibit A.

TERMS AND CONDITIONS:

- 1) South Kentucky Rural Electric Cooperative Corporation shall provide the Member net metering services, without charge for standard metering equipment, through a standard kilowatt-hour metering system capable of measuring the flow of electricity in two (2) directions. If the Member requests any additional meter or meters or distribution upgrades are needed to monitor the flow in each direction, such installations shall be at the Member's expense.

- 2) The Member shall install, operate, and maintain, at the Member's sole cost and expense, any control, protective, or other equipment on the Member's system required by South Kentucky Rural Electric Cooperative Corporation's technical interconnection requirements based on IEEE 1547, the NEC, accredited testing laboratories such as Underwriters Laboratories, and the manufacturer's suggested practices for safe, efficient and reliable operation of the generating facility in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system. The Member shall bear full responsibility for the installation, maintenance and safe operation of the generating facility. Upon reasonable request from South Kentucky Rural Electric Cooperative Corporation, the Member shall demonstrate generating facility compliance.

- 3) The generating facility shall comply with, and the Member shall represent and warrant its compliance with: (a) any applicable safety and power quality standards established by IEEE and accredited testing laboratories such as Underwriters Laboratories; (b) the NEC as may be revised from time to time; (c) South Kentucky Rural Electric Cooperative Corporation's rules, regulations, and Service Regulations as contained in South Kentucky Rural Electric Cooperative Corporation's Retail Electric Tariff as may be revised from time to time with the approval of the Kentucky Public Service Commission (Commission); (d) the rules and regulations of the Commission, as such rules and regulations may be revised from time to time by the Commission; and (e) all other applicable local, state, and federal codes and laws, as the same may be in effect from time to time. Where required by law, the Member shall pass an electrical inspection of the generating facility by a local authority having jurisdiction over the installation.

- 4) Any changes or additions to South Kentucky Rural Electric Cooperative Corporation's system required to accommodate the generating facility shall be considered excess facilities. The Member shall agree to pay South Kentucky Rural Electric Cooperative Corporation for actual costs incurred for all such excess facilities prior to construction.

- 5) The Member shall operate the generating facility in such a manner as not to cause undue fluctuations in voltage, intermittent load characteristics or otherwise interfere with the operation of South Kentucky Rural Electric Cooperative Corporation's electric system. At all times when the generating facility is being operated in parallel with South Kentucky Rural Electric Cooperative Corporation's electric system, the Member shall operate the generating facility in such a manner that no adverse impacts will be produced thereby to the service quality rendered by South Kentucky Rural Electric Cooperative Corporation to any of its other members or to any electric system interconnected with South Kentucky Rural Electric Cooperative Corporation's electric system. In non-emergency situations, South Kentucky Rural Electric Cooperative Corporation shall give the Member notice of noncompliance including a description of the specific noncompliance condition and allow the Member a reasonable time to cure the noncompliance prior to isolating the generating facilities. In emergency situations, when South Kentucky Rural Electric Cooperative Corporation is unable to immediately isolate or cause the Member to isolate only the generating facility, South Kentucky Rural Electric Cooperative Corporation may isolate the Member's entire facility.
- 10) The Member shall agree that, without the prior written permission from South Kentucky Rural Electric Cooperative Corporation, no changes shall be made to the generating facility as initially approved. Increases in generating facility capacity will require a new "Application for Interconnection and Net Metering" which will be evaluated on the same basis as any other new application. Repair and replacement of existing generating facility components with like components that meet UL 1741 certification requirements for Level 1 facilities and not resulting in increases in generating facility capacity is allowed without approval.
- 11) To the extent permitted by law, the Member shall protect, indemnify, and hold harmless South Kentucky Rural Electric Cooperative Corporation and its directors, officers, employees, agents, representatives and contractors against and from all loss, claims, actions or suits, including costs and attorneys fees, for or on account of any injury or death of persons or damage to property caused by the Member or the Member's employees, agents, representatives and contractors in tampering with, repairing, maintaining, or operating the Member's generating facility or any related equipment or any facilities owned by South

EFFECTIVE TERM AND TERMINATION RIGHTS

This Agreement becomes effective when executed by both parties and shall continue in effect until terminated. This Agreement may be terminated as follows: (a) The Member may terminate this Agreement at any time by giving South Kentucky Rural Electric Cooperative Corporation at least sixty (60) days' written notice; (b) South Kentucky Rural Electric Cooperative Corporation may terminate upon failure by the Member to continue ongoing operation of the generating facility; (c) either party may terminate by giving the other party at least thirty (30) days prior written notice that the other party is in default of any of the terms and conditions of the Agreement or the Rules or any rate schedule, tariff, regulation, contract, or policy of South Kentucky Rural Electric Cooperative Corporation, so long as the notice specifies the basis for termination and there is opportunity to cure the default; (d) South Kentucky Rural Electric Cooperative Corporation may terminate by giving the Member at least thirty (30) days notice in the event that there is a material change in an applicable law, regulation or statute affecting this Agreement or which renders the system out of compliance with the new law or statute.

IN WITNESS WHEREOF, the Parties have executed this Agreement, effective as of the date first above written.

LARGE POWER RATE **SCHEDULE LP**

APPLICABLE: In all territory served by the Seller.

AVAILABILITY: Available to all commercial and industrial consumers who require excess of 50 KVA transformer capacity for lighting and/or heating and/or power. Consumers served under this schedule may request service under the OPS SCHEDULE if they so desire provided the request is made in advance and not more than once every 12 months and provided KVA requirement is not in excess of 300 KVA.

TYPE OF SERVICE: The electric service furnished under this schedule will be of 60 cycle, alternating current and at available standard voltage, single or three phase at Seller's option.

RATES PER MONTH:

Consumer Charge - No KWH Usage	\$51.83	(I)
Demand Charge:		
Billing Demand per KW per Month	\$7.26	(I)
Energy Charge:		
All KWH per Month @.....	\$0.05804	(I)

FUEL ADJUSTMENT CLAUSE: As shown in APPENDIX B following these tariffs.

DETERMINATION OF BILLING DEMAND: The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter.

POWER FACTOR ADJUSTMENT: The consumer agrees to maintain unity power factor as nearly as practicable at each delivery point at the time of the monthly maximum demand. When the power factor is determined to be less than 90%, the monthly maximum demand at the delivery point will be adjusted by multiplying the actual monthly maximum demand by 90%, and divided this product by the actual power factor at the time of the monthly maximum demand.

MINIMUM CHARGE: The minimum monthly charge shall be the HIGHEST one of the following:

- (a) The Consumer Charge - No KWH Usage as stated in Rates Per Month, or,
- (b) The minimum monthly charge as specified in the contract for service, or,
- (c) A charge of \$0.80 per KVA of required transformer capacity. The Seller may, if it so desires, install transformers of capacity larger than required, but in such case, the Consumer's minimum bill shall be based on the standard transformer size which would have been adequate for Consumer's load.

CONDITIONS OF SERVICE:

- 1. An agreement for purchase of power shall be executed by the Consumer for service under this schedule as deemed necessary by the Seller.
- 2. Delivery Point - If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole line and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.

If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to consumer's transformer structure unless otherwise specified in the contract for service.

All wiring, pole lines and other electrical equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.

- 3. Lighting - Both power and lighting shall be billed at the foregoing rate.
- 4. Primary Service - The Seller shall meter at secondary distribution voltage unless it would be agreeable to both parties to primary meter.

TERMS OF PAYMENT: The rates stated are net. If payment is not made by the due date, the current month charges shall be increased by 5%.

DETERMINATION OF MEASURED LOAD - BILLING DEMAND

The billing demand (kilowatt demand) is based on EKPC's system peak demand (coincident peak) which is the highest average rate at which energy is used during any fifteen minute interval in the below listed hours for each month and adjusted for power factor as provided herein:

<u>MONTHS</u>	<u>HOURS APPLICABLE FOR DEMAND</u> <u>BILLING - E.P.T.</u>
November through April	6:00 a.m. to 9:00 p.m.
May through October	10:00 a.m. to 10:00 p.m.

(T)

The interruptible billing demand shall be equal to the amount by which the monthly billing demand exceeds the minimum billing demand as specified in the contract.

CONDITIONS OF SERVICE FOR MEMBER CONTRACT

1. The member will upon notification by the Cooperative, reduce his load being supplied by the Cooperative to the contract capacity level specified by the contract.
2. The Cooperative will endeavor to provide the member with as much advance notice as possible of the interruption of service. However, the member shall interrupt service within the notice period as contracted.
3. Service will be furnished under the Cooperative's "Rules and Regulations" except as set out herein and/or provisions agreed to by written contract.

Conditions of Service (con't)

4. No responsibility of any kind shall attach to the Cooperative for, or on account of, any loss or damage caused by, or resulting from, any interruption or curtailment of this service.
5. The Customer shall arrange his wiring so that interruptible service supplied under this rider shall be separately metered and segregated from firm service.
6. The Member shall own, operate, and maintain all necessary equipment for receiving electric energy and all telemetering and communications equipment, within the Member's premises, required for interruptible service.
7. A Customer's plant is considered as one or more buildings which are served by a single electrical distribution system, provided and operated by the Customer. When the size of the Customer's load necessitates the delivery of energy to the Customer's plant over more than one circuit, the Company may elect to connect its circuits to different points on the Customer's system.
8. The minimum original contract period shall be one year and thereafter until terminated by giving at least six months previous written notice. The Cooperative may require a contract be executed for a longer initial term when deemed necessary by the size of the load and other conditions.
9. Any transformers required in excess of those used for regular firm power shall be owned and maintained by the Customer.
10. The Fuel Adjustment Clause, as specified in the prevailing rate schedule is applicable.

CALCULATION OF MONTHLY BILL

The monthly bill is calculated on the following basis:

- A. Sum of customer charge, plus
- B. Minimum billing demand in kW multiplied by the firm capacity rate, plus
- C. Interruptible billing demand in kW multiplied by interruptible rate, plus
- D. Energy usage in kWh multiplied by the energy rate.

NUMBER AND DURATION OF INTERRUPTIONS

- A. There shall be no more than two (2) interruptions during any 24 hour calendar day. No interruption shall last more than twelve hours.
- B. Interruptions may occur between 6:00 a.m. and 9:00 p.m. EPT during the months of November through April and between 10:00 a.m. and 10:00 p.m. EPT during the months of May through October.
- C. The maximum number of annual hours of interruption shall be in accordance with the member contracted level of interruptible service.

(T)
↓

CHARGE FOR FAILURE TO INTERRUPT

If member fails to interrupt load as requested by the Cooperative, the Cooperative shall bill the entire billing demand at a rate equal to five (5) times the applicable firm power demand charge for that billing month. Uninterrupted load is equal to actual load during requested interruption minus firm load.

CLASSIFICATION OF SERVICE

ECONOMIC DEVELOPMENT RIDER **SCHEDULE EDR**

Applicability

The EDR is available in all the service territory served by the cooperative.

Availability

Available as a rider to qualifying Cooperative's non-residential customers to be served or being served under East Kentucky Power Cooperative, Inc.'s ("EKPC") Sections B, C, E, and G to encourage Economic Development as defined herein. Service under the EDR is conditional on approval of a special contract between EKPC, South Kentucky, and the qualifying non-residential customer for such economic development rate service filed with and approved by the Kentucky Public Service Commission ("Commission").

Economic Development

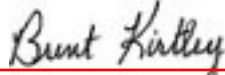

Service under EDR is available to:

- 1) New customers contracting for a minimum average monthly billing load of 500 kW over a 12 month period. If the new customer is locating in a Kentucky county that is identified by the Commonwealth of Kentucky as an "Enhanced Incentive County", then the minimum average monthly billing load will be 250 kW over a 12 month period.
- 2) Existing customers contracting for a minimum average monthly billing load increase of 500 kW over a 12 month period above their Economic Development Base Load ("ED Base Load"). If the existing customer is located in a Kentucky county that is identified by the Commonwealth of Kentucky as an "Enhanced Incentive County", then the minimum average monthly billing load increase will be 250 kW over a 12 month period. The ED Base load will be determined as follows:
 - a. The existing customer's ED Base Load will be determined by averaging the customer's previous three years' monthly billing loads. EKPC, South Kentucky, and the existing customer must agree upon the ED Base Load, and any adjustments to the ED Base Load must be mutually agreed to by the parties.
 - b. The ED Base Load shall be an explicit term of the special contract submitted to the Commission for approval before the customer can take service under the EDR. Once the ED Base Load's value is established, it will not be subject to variation or eligible for service under the EDR.

Schedule EDR (con't.)

- c. These provisions are not intended to reduce or diminish in any way EDR service already being provided to all or a portion of a customer's ED Base Load. Such EDR service would continue under the terms of the applicable special contract already existing between EKPC, South Kentucky, and the customer concerning the affected portion of the customer's ED Base Load.
- 3) A new or existing customer eligible for a minimum average monthly billing load between 250 kW and 500 kW may require a customer-specific meter installation. The cost of the customer-specific meter installation shall be recovered from the customer.
- 4) The new customer or existing customer must agree to maintain a minimum load factor of 60 percent during the majority of the months in the discount period, subject to the following parameters:
- a. During the first 12 months of the discount period the 60 percent minimum load factor requirement will be waived.
 - b. During the remaining months of the discount period, the load factor will be determined each month. The new or existing customer may fail to achieve the 60 percent minimum load factor for no more than 1/6th of the remaining months of the discount period.
 - c. Failure to maintain the 60 percent minimum load factor in any month beyond the period described in part 4(b) above will result in the suspension of the discount to the Total Demand Charge for that month. The discount to the Total Demand Charge will resume in the month the 60 percent minimum load factor is achieved; however the discount will resume at the discount rate applicable to the month of the discount period.
- 5) A customer desiring service under the EDR must submit an application for service that includes:
- a. A description of the new load to be served;
 - b. The number of new employees, if any, the customer anticipates employing associated with the new load; and
 - c. The capital investment the customer anticipates making associated with the EDR load.
- 6) Any EDR customer-specific fixed costs shall be recovered over the life of the special contract.

Schedule EDR (con't.)

Rate

The rate available under the EDR shall be in the form of a discount to the Total Demand Charge on the EKPC rate section applicable to the customer. The Total Demand Charge is the sum of all demand charges, including any credits provided under any other demand-related rider, before the EDR discounts as described below are applied. A customer taking service under the EDR shall be served according to all of the rates, terms, and conditions of the normally applicable rate schedule subject to the following discount options:

Discount Period	3 years	4 years	5 years
Required Minimum Contract Term	6 years	8 years	10 years
Discount to Total Demand Charge:			
First 12 consecutive monthly billings	30%	40%	50%
Next 12 consecutive monthly billings	20%	30%	40%
Next 12 consecutive monthly billings	10%	20%	30%
Next 12 consecutive monthly billings	0%	10%	20%
Next 12 consecutive monthly billings	0%	0%	10%

The discount will not be smaller than the amount calculated from the EKPC rate sections.

Terms and Conditions

- 1) EKPC and South Kentucky will only offer an EDR during either periods of excess capacity or the additional capacity needs have been secured, or are capable of being economically secured, through a market purchase agreement. If additional capacity has been secured through a market purchase, the customer will be responsible for the costs of the market purchase agreement. Upon submission of each EDR special contract, EKPC will demonstrate that the load expected to be served during each year of the contract period will not cause them to fall below a reserve margin that is considered essential for system reliability.

- 2) Service shall be furnished under the applicable standard rate schedule and this rider, filed as a special contract with the Commission, for a fixed term of at least two times the discount period and for such time thereafter under the terms stated in the applicable standard rate schedule. The discount period shall not be less than 3 years and not exceed 5 years. A greater term of contract or termination notice may be required because of conditions associated with a customer's requirements for service. Service shall be continued under the conditions provided for under the applicable standard rate schedule to which this rider is attached after the original term of the contract.

3. The lighting equipment shall remain the property of the Cooperative. The Consumer shall protect the lighting equipment from deliberate damage.
4. The Cooperative shall maintain the lighting equipment including the lamp replacement at no additional cost to the Consumer within a reasonable time after the Consumer notifies the Cooperative for the need of maintenance, except that in case of lamp or fixture damage because of vandalism, replacement may be made only once at no cost to the Consumer. After that, the Consumer may be required to pay for the cost of the replacement.
5. The Consumer shall allow authorized representatives of the Cooperative to enter upon the Consumer's premises to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of lighting equipment upon termination of service under this schedule.
6. All rental will be billed as a separate item on the Consumer's electric service bill and revenues derived will be recorded under the revenue account for which the Consumer is receiving his electric service. The billing period shall be the same as it is for the electric service.
7. Since the seller intends to eventually provide only LED lighting fixtures, mercury vapor, sodium and metal halide will be used only until present supply is exhausted or until the existing lighting configuration is retired.
8. The Cooperative may request the execution of an agreement for service under this schedule for a period of not less than one year.

SCHEDULE REP
Renewable Energy Program

STANDARD RIDER

This “Renewable Energy Program” is a rider to all current rate schedules. The purpose of this program is to provide retail members with a source of renewable energy or renewable energy attributes called Renewable Energy Certificates (“RECs”). There are two options. South Kentucky RECC, via its participation in East Kentucky Power Cooperative, Inc.’s (EKPC) Renewable Energy Program (Envirowatts), will aggregate the contributions provided by the retail members to develop renewable energy, purchase renewable energy, or purchase RECs. Alternatively, the retail member, South Kentucky RECC, and EKPC will enter into a special agreement to purchase renewable energy to offset the retail member’s existing energy consumption.

(T)
↓

APPLICABLE

In all territory served.

DEFINITIONS

- a) Renewable energy is that electricity which is generated from renewable sources including but not limited to: solar, wind, hydroelectric, geothermal, landfill gas, biomass, biodiesel used to generate electricity, agricultural crops or waste, all animal and organic waste, all energy crops and other renewable resources deemed to be Green-e certified.
- b) An REC is the tradable renewable energy attribute which represents the commodity formed by unbundling the environmental-benefit attributes of a unit of renewable energy from the underlying electricity. One REC is equivalent to the environmental-benefits attributes of one (1) MWh of renewable energy.

(T)
↓
(T)
(T)

AVAILABILITY OF SERVICE

This rider is available to any retail member on any rate schedule.

(T)

Option A - Retail members may participate in the program by contributing monthly as much as they like in \$2.75 increments (e.g., \$2.75, \$5.50, \$8.25, or more per month). The retail member may allocate a “Renewable Energy Program” contribution to a type or types of renewable energy offered by the Envirowatts program. Funds contributed by retail members are not refundable.

(T)
↓

Option B – Option B is a pilot program and is available on or before March 25, 2025. A retail member may, after entering into a special agreement with South Kentucky RECC and EKPC, purchase renewable energy to offset the retail member’s existing energy consumptions under the members’ applicable rate schedule.

SCHEDULE REP

Renewable Energy Program (con't)

ELIGIBILITY

Under Option A, a “Pledge to Purchase Renewable Energy” form must be completed for enrollment by the retail member prior to service under this rider. Retail members may not owe any arrearage prior to participating in the Renewable Energy Program.

(T)
(T)
(T)

Under Option B, a retail member must execute an agreement with South Kentucky RECC and EKPC to purchase, supply or secure a minimum renewable capacity of one (1) MW. The maximum annual renewable energy under the agreement cannot exceed the participating retail member’s average annual consumption over the previous three (3) years. For new business with no usage history, the maximum annual renewable energy under the contract will be estimated. The type of renewable energy will be determined by the retail member. Retail members having multiple services across the EKPC system may aggregate consumption and renewable energy totals into a single agreement.

↓

RATE

Under Option A, monthly contributions of any amount in \$2.75 increments shall be made pursuant to the terms of the “Pledge to Purchase Renewable Energy”. The fuel adjustment clause and the environmental surcharge are not applicable to the Option A Renewable Energy Program contributions.

(T)

Under Option B, the renewable energy rate shall be set forth under the individual participating renewable energy agreements. The retail member’s bill will be credited for the base fuel, the fuel adjustment clause, capacity credits when applicable, and the variable portion of the Environmental Surcharge that EKPC credited to South Kentucky RECC per individual renewable energy agreements. The credit amount is based on the total of the avoided costs from base fuel, fuel adjustment clause, capacity credits when applicable, and variable environmental surcharge for the delivered renewable energy pursuant to the agreement. The total credit will be limited to the lesser of this credit amount or the PJM Localized Marginal Cost.

↓

BILLING AND MINIMUM CHARGE

Under Option A, the retail member will be billed monthly for the amount the retail member pledged to contribute in their “Pledge to Purchase Renewable Energy”. Existing Renewable Resource Energy retail participants will be billed at their existing rate of \$2.75 per their existing agreement or pledge.

(T)
(T)
(T)

Under Option B, the retail member will be billed for the renewable energy per the agreement.

TERMS OF SERVICE AND PAYMENT

This rider shall be subject to all other terms of service and payment of the applicable tariffs and adjustment clauses to which it is applied to each retail member.

RENEWABLE ENERGY
PURCHASE AGREEMENT

This Renewable Energy Purchase Agreement (“Agreement”) is made and entered into this ____ day of _____, 20__, by and between East Kentucky Power Cooperative, Inc., 4775 Lexington Road, Winchester, Kentucky 40391 (“EKPC”); South Kentucky RECC, with its principal place of business at 200 Electric Avenue, Somerset, Kentucky 42501 (“Cooperative”); and the following identified Retail Member of the Cooperative:

Retail Member: _____

Mailing Address: _____

Service Address(es): _____

Telephone Number: _____ Email: _____

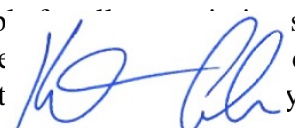

Account Number(s): _____

WHEREAS, Retail Member desires and agrees to purchase, and EKPC and Cooperative are both willing and agree to sell, energy from a renewable resource(s) to offset a portion or all of the energy consumed by the Retail Member at the above-listed service address(es);

THEREFORE, in mutual consideration of the promises, representations, recitals, terms and conditions, the receipt and sufficiency of which is hereby acknowledged, the Parties do hereby agree as follows:

- Purchase and Sale of Renewable Energy.** The Retail Member may purchase renewable energy from Cooperative up to an amount equal to the Retail Member’s average annual energy consumption over the previous three (3) calendar years. In the event the Retail Member has not yet consumed power provided by Cooperative for at least three years, the Retail Member’s actual usage shall be used to calculate an average annual energy consumption amount. The amount of energy purchased hereunder shall be equivalent to at least one (1) megawatt (MW) of installed renewable capacity. Cooperative shall acquire the renewable power sold to Retail Member from EKPC. The calculations and elections necessary to fulfill the obligation to purchase and sell renewable energy are set forth in Appendix A, which is adopted and incorporated by reference as if set forth herein in full.
- Account Aggregation.** Should the Retail Member have multiple accounts or service addresses with the Cooperative, the Retail Member shall be able to aggregate the energy consumption across all accounts or service addresses.
- Transmission.** EKPC shall arrange and be responsible for the renewable energy contemplated to be purchased or cause to be delivered such renewable energy to _____ service deliver y of all

current and future non-renewable energy sales to the Cooperative and from which the Cooperative's electric distribution system currently delivers energy to the Retail Member. EKPC shall schedule or arrange for scheduling services with its transmission providers to deliver the renewable energy to said point(s) of delivery.

4. **Distribution.** The Cooperative shall arrange and be responsible for all distribution service for the renewable energy contemplated to be purchased hereunder and shall deliver or cause to be delivered such renewable energy to the Retail Member's meter(s).
5. **Title and Risk of Loss.** Title to and risk of loss related to the renewable energy acquired herein shall transfer: (a) from EKPC to the Cooperative at the delivery point(s) for all energy delivered to the Cooperative currently and in the future; and (b) from the Cooperative to the Retail Member at the Retail Member's meter. EKPC and Cooperative both warrant that they will deliver the renewable energy to the Retail Member free and clear of all liens, security interests, claims and encumbrances or any interest therein or thereto by any person arising prior to the Retail Member's meter.
6. **Renewable Resources.** The Retail Member may choose the type(s) of renewable resource from which the renewable energy sold hereunder shall be generated. The choices available include: solar, wind, hydro, landfill methane gas or biomass. The Retail Member may not request or designate that the renewable energy purchased hereunder be acquired from any particular generation facility. EKPC retains the sole and exclusive right to select the resource(s) from which the renewable energy purchases contemplated herein are acquired.
7. **Pricing.** [TO BE NEGOTIATED ON A CASE BY CASE BASIS BASED UPON APPLICABLE RATE SCHEDULES.]
8. **Wholesale Credits.** The Cooperative shall receive a monthly credit on its wholesale power bill in an amount equal to the lesser of: (1) the avoided cost of: (a) base fuel and fuel adjustment clause per MWh of renewable energy delivered and capacity credits; and (b) variable environmental surcharge equal to the delivered renewable energy monthly; or (2) the PJM Localized Marginal Cost. At no time shall EKPC be required to convert any credit accruing hereunder to cash. Any excess credit(s) can be carried forward to offset a later billed amount.
9. **Retail Credits.** The Retail Member shall receive a monthly credit on its retail power bill in an amount equal to the lesser of: ~~(1) the avoided cost of: (a) base fuel and fuel adjustment clause per MWh of renewable energy delivered and capacity credits; and (b) variable environmental surcharge equal to the delivered renewable energy monthly; or (2) the PJM Localized Marginal Cost.~~ At no time shall Cooperative be required to convert any credit accruing hereunder to cash. 10. **Billing.** EKPC shall invoice the Cooperative for all renewable energy delivered to the Cooperative as part of the invoice it sends to the Cooperative for all non-renewable energy purchases by the Cooperative. The Cooperative shall then invoice the Retail Member for all renewable energy delivered to the Retail Member as part of the invoice it sends to the Retail Member for all non-renewable energy purchases by the Retail Member. In both cases, the invoice shall provide sufficient information to demonstrate the manner in which the charges for renewable energy sales were calculated.
11. **Failure to Take Delivery.** If Retail Member fails to accept all or part of the renewable energy sold hereunder and such failure is not excused by EKPC's or the Cooperative's failure to perform, then the Retail Member shall pay to the Cooperative, on the date payment would otherwise be due in respect of the month in which the failure occurred an amount for such deficiency equal to the positive difference, if any, obtained by subtracting the amount for which the renewable energy is actually sold by EKPC or Cooperative to another buyer from the price set forth herein. The invoice for such amount shall include a written statement explaining in reasonable detail the calculation of such amount.
12. **Term.** Subject to paragraph twenty-four (24) below, this Agreement shall be effective beginning on the date set forth above and will continue for a period of ____ years (the "Term"), subject to early termination as provided herein.
13. **Obligation to Retail Member.** EKPC and Cooperative agree to provide Retail Member with reasonable updates in the event of any changes in the availability of renewable energy purchased pursuant to this Agreement.
14. **Non-Transferrable.** The Retail Member may not transfer or assign any obligation, right, liability, or credit arising under this Agreement from one account or service address to another account or service address that is not listed above. The Retail Member may not transfer, assign, convey, sell or donate this Agreement to any other person unless EKPC and the Cooperative have both provided their express written consent to such action. Such consent may be granted or withheld in the sole discretion of EKPC and the Cooperative.
15. **Effect on other Rates.** Nothing in this Agreement shall be construed to effect, limit, alter, amend or change the terms or conditions of Retail Member's receipt of service from the Cooperative under any other tariff or rate schedule then in effect or subsequently approved by the Kentucky Public Service Commission ("Commission") which applies to the Retail Member. Likewise, nothing in this Agreement shall be construed to effect, limit, alter, amend or change the terms or conditions of the Cooperative's receipt of service from EKPC under any other tariff or rate schedule then in effect or subsequently approved by the Commission which applies to the Cooperative.

16. **Events of Default.** An “Event of Default” shall mean, with respect to a Party (a “Defaulting Party”), the occurrence of any of the following:
- (a) the failure to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within three (3) Business Days after written notice;
 - (b) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when deemed made or repeated;
 - (c) the failure to perform any material covenant or obligation set forth in this Agreement (except to the extent constituting a separate Event of Default, and except for such Party’s obligations to receive the renewable energy, the exclusive remedy for which is provided in paragraph eleven (11) above if such failure is not remedied within three (3) Business Days after written notice;
 - (d) such Party becomes bankrupt; or
 - (e) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement to which it or its predecessor was a party by operation of law or pursuant to an agreement reasonably satisfactory to the other Party.

17. **Termination for an Event of Default.** If an Event of Default with respect to a Defaulting Party shall have occurred and be continuing, any other Party (the “Non-Defaulting Party”) shall have the right to: (i) designate a day, no earlier than the day such notice is effective and no later than 20 days after such notice is effective, as an early termination date (“Early Termination Date”) to accelerate all amounts owing between the Parties; (ii) withhold any payments due to the Defaulting Party under this Agreement; and (iii) suspend performance. The Non-Defaulting Party shall calculate, in a commercially reasonable manner and considering the full period of non-performance from the Early Termination Date through the date of the expiration of the Agreement’s Term, a Termination Payment amount as of the Early Termination Date. As soon as practicable after a termination, notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount of the Termination Payment and whether the Termination Payment is due to or due from the Non-Defaulting Party. The notice shall include a written statement explaining in reasonable detail the calculation of such amount. The Termination Payment shall be made by the Party that owes it within two (2) Business Days after such notice is effective. If the Defaulting Party disputes the Non-Defaulting Party’s calculation of the Termination Payment, in whole or in part, the Defaulting Party shall, within two (2) Business Days of receipt of the Non-Defaulting Party’s calculation of the Termination Payment, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute; provided, however, if the Termination Payment is due from the Defaulting Party, the Defaulting Party shall transfer

to the Non-Defaulting Party an amount equal to the Termination Payment to be held in escrow pending the outcome of the dispute.

18. **Disputes and Adjustments of Bills.** A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice, rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due, with notice of the objection given to the other Parties. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within two (2) Business Days of such resolution along with interest accrued at the rate of two percent (2%) over the stated rate for commercial paper as published in the *Wall Street Journal* on the date that notice of the Dispute is given, from and including the due date to but excluding the date paid. Inadvertent overpayments shall be returned upon request or deducted by the Party receiving such overpayment from subsequent payments. Any dispute with respect to an invoice is waived unless the other Parties are notified in accordance with this paragraph within twelve (12) months after the invoice is rendered or any specific adjustment to the invoice is made. If an invoice is not rendered within twelve (12) months after the close of the month during which performance occurred, the right to payment for such performance is waived.

19. **Resolution of Disputes.** Any dispute or need of interpretation between the Parties involving or arising under this Agreement first shall be referred for resolution to a senior representative of each Party. Upon receipt of a notice describing the dispute and designating the notifying Party's senior representative and that the dispute is to be resolved by the Parties' senior representatives under this Agreement, the other Parties shall promptly designate its senior representatives to the notifying Party. The senior representatives so designated shall attempt to resolve the dispute on an informal basis as promptly as practicable. If the dispute has not been resolved within thirty (30) days after the notifying Party's notice was received by the other Parties, or within such other period as the Parties may jointly agree, the Parties may pursue any remedies available at law or in equity to enforce its rights provided in the Agreement. Notwithstanding any inconsistent provision herein, any Party may be entitled to injunctive or other equitable relief without resort to the settlement or resolution procedures set forth herein.

20. **Representations and Warranties.** Each Party represents and warrants to the other Parties that:
a. it is duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation;
b. it has all regulatory authorizations necessary to perform its obligations under this Agreement;

- c. the execution, delivery and performance of this Agreement are within its powers, have been duly authorized by all necessary action and do not violate any of the terms and conditions in its governing documents, any contracts to which it is a party or any law, rule, regulation, order or the like applicable to it, except as set forth herein;
- d. this Agreement constitutes its legally valid and binding obligation enforceable against it in accordance with its terms;
- e. it is not bankrupt and there are no proceedings pending or being contemplated by it or, to its knowledge, threatened against it which would result in it being or becoming bankrupt;
- f. there is not pending or, to its knowledge, threatened against it or any of its affiliates any legal proceedings that could materially adversely affect its ability to perform its obligations under this Agreement;
- g. no Event of Default or Potential Event of Default with respect to it has occurred and is continuing and no such event or circumstance would occur as a result of its entering into or performing its obligations under this Agreement;
- h. it is acting for its own account, has made its own independent decision to enter into this Agreement and, as to whether this Agreement is appropriate or proper for it based upon its own judgment, is not relying upon the advice or recommendations of any other Party in so doing, and is capable of assessing the merits of and understanding, and understands and accepts, the terms, conditions and risks of this Agreement;
- i. it has entered into this Agreement in connection with the conduct of its business and it has the capacity or ability to make or take delivery of all renewable energy referred to herein; and
- j. the material economic terms of this Agreement were and are subject to individual negotiation by the Parties.

21. **Disclaimer and Force Majeure.** Retail Member understands and acknowledges that the generation of renewable energy and the sale of renewable energy is dependent upon numerous factors, including many which are beyond the control of EKPC and the Cooperative. EKPC and the Cooperative shall not be responsible or liable for any disruption or prevention of the production of renewable energy from any generation resource that is attributable to: (a) natural events such as acts of God, landslides, lightning, eclipses, weather patterns, earthquakes, fires, storms or the like; (b) interruption and/or curtailment of transmission facilities of third-parties; (c) acts of others such as strikes, lockouts or other industrial disturbances, riots, sabotage, insurrections or wars, or acts of terror; and (d) governmental actions such as necessity for compliance with any court or administrative order, law, statute, ordinance, regulation, order, or policy having the effect of law promulgated by a governmental authority having jurisdiction. In the event of any inability by EKPC or the Cooperative to acquire or deliver the renewable energy contemplated to be purchased herein, the Retail Member agrees to

22. **Limitation of Liability.** EXCEPT AS MAY BE SET FORTH EXPRESSLY HEREIN, RETAIL MEMBER UNDERSTANDS AND ACKNOWLEDGES THAT EKPC AND THE COOPERATIVE HAVE MADE NO SPECIFIC OR GENERAL REPRESENTATIONS OR WARRANTIES REGARDING THE RENEWABLE ENERGY TO BE PURCHASED HEREBY OR ANY FACILITIES ASSOCIATED WITH GENERATING, TRANSMITTING OR DISTRIBUTING SAME, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT ANY REPRESENTATIONS AND WARRANTIES HAVE BEEN MADE, UNLESS EXPRESSLY SET FORTH HEREIN, RETAIL MEMBER UNDERSTANDS AND ACKNOWLEDGES THAT THEY ARE HEREBY EXPRESSLY DISCLAIMED. RETAIL MEMBER ALSO UNDERSTANDS AND AGREES THAT HIS OR HER SOLE AND EXCLUSIVE REMEDY IN THE EVENT OF A BREACH OF THIS AGREEMENT BY EKPC OR THE COOPERATIVE IS EXPRESSLY LIMITED TO PURCHASING REPLACEMENT POWER FROM THE COOPERATIVE AT PREVAILING TARIFFED RATES.
23. **Notice.** All notices, requests, consents, and other communications required under this Agreement shall be in writing and will be mailed to the mailing address for each Party as set forth above. Notices will be deemed delivered upon the earlier of: (a) the date of actual receipt, with a copy thereof being sent concurrently by certified or registered mail, return receipt requested; (b) three business days after being deposited in certified or registered mail, return receipt requested, postage prepaid; or (c) the following business day after being delivered to a reputable overnight courier service. If for any reason, a Party's mailing address should change, that Party must notify the other Parties in writing of the change of address for notices to be sent.
24. **Regulatory Approvals.** The Agreement is subject to approval by the Commission. This Agreement shall be filed with the Commission by EKPC within twenty (20) days of its full and final execution and EKPC and Cooperative agree to use reasonable efforts to obtain said approval from the Commission. However, in the event that Commission approval is not obtained within one hundred twenty (120) days, the Agreement shall be null and void. This Agreement may also be filed with the United States Rural Utilities Service, however, such a filing would be for informational purposes only.

25. **No Agency.** In performing their respective obligations hereunder, no Party is acting, or is authorized to act, as agent of any other Party.
26. **Forward Contract.** The Parties acknowledge and agree that all sales of renewable power hereunder constitute “forward contracts” within the meaning of the United States Bankruptcy Code.
27. **Entire Agreement.** This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all previous proposals, both oral and written, negotiations, representations, commitments, writings and all other communications between the parties. This Agreement may not be released, discharged, or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.
28. **Waiver of Trial by Jury. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THE AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THE AGREEMENT. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (B) SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) SUCH PARTY MAKES THIS WAIVER VOLUNTARILY, AND (D) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THE AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.**
29. **Jurisdiction.** Each party agrees that any suit, action, dispute or other proceeding arising out of the Agreement or any transaction contemplated by the Agreement shall be heard in, and hereby irrevocably submits to the exclusive jurisdictions of the Circuit Court of Clark County, and the United States District Court for the Eastern District of Kentucky, Lexington Division, and the related appellate courts. Each party further agrees that service of any process, summons, notice or document by U.S. registered mail to such Party’s respective address set forth in the Agreement shall be effective service of process for any actions, suit, dispute or other proceeding described herein. Each Party irrevocably and unconditionally waives any objection to the laying of venue of any action, suit or proceeding arising out of this Agreement in the aforementioned courts and the courts, and hereby and thereby further irrevocably and unconditi es not

AVAILABILITY

Available only to qualified cogeneration or small power production facilities with a design capacity of over 100 kW which have executed a contract with South Kentucky Rural Electric Cooperative Corporation and East Kentucky Power Cooperative, Inc. ("EKPC") for the purchase of electric power by EKPC. Qualified cogeneration or small power production facilities must be able to be dispatched by EKPC. Non-dispatchable qualified cogeneration or small power production facilities are covered under a separate tariff. Pursuant to Federal Energy Regulatory Commission ("FERC") regulations 18 C.F.R. §§ 292.303(a), 292.309, and 292.310, EKPC is no longer obligated to purchase electric energy and/or capacity from qualifying cogeneration or small power production facilities with a net capacity of over 20MW.

RATES

The rates set forth below shall be used as the basis for negotiating a final purchase rate with qualifying facilities pursuant to Section 7 of 807 KAR 5:054.

1. Capacity - \$19.31 per kW per year is applicable if cogenerator or small power producer is dispatched by EKPC. (I)
2. Energy – QF will be credited monthly for the electric power produced by dispatchable generation facilities at the actual real-time locational marginal price for energy set by PJM at the EKPC zonal node during each hour of the day at the time of delivery. The payments will be offset by a market administration fee of \$0.00016 per kWh to cover EKPC's market participation costs. (T)

TOUCHSTONE ENERGY HOME - DSM

PURPOSE

In an effort to improve new residential home energy performance, South Kentucky Rural Electric Cooperative Corporation has designed the Touchstone Energy Home Program. This program provides guidance during the building process to guarantee a home that is \geq 25-30% more efficient than the Kentucky standard built home. The standard built new home in rural Kentucky typically receives a 105 on the Home Energy Rating System ("HERS") Index.

AVAILABILITY

This program is available to residential members served by South Kentucky Rural Electric Cooperative Corporation.

ELIGIBILITY

To qualify as a Touchstone Energy Home under South Kentucky Rural Electric Cooperative Corporation program, the participating single-family home must be located in the service territory of South Kentucky Rural Electric Cooperative Corporation and must meet the program guidelines following one of the two available paths of approval. Multi-family dwellings pre-approved by East Kentucky Power Cooperative, Inc. may be eligible.

PRESCRIPTIVE PATH

- Home must meet each efficiency value as prescribed by South Kentucky Rural Electric Cooperative Corporation.
- Home must receive pre-drywall inspection and complete South Kentucky Rural Electric Cooperative Corporation's pre-drywall checklist (contact the Energy Advisor at South Kentucky Rural Electric Cooperative Corporation for a copy of the checklist)
- Home must receive a final inspection, pass a whole house air leakage test and duct leakage test.
- Primary source of heat must be an Air Source Heat Pump \geq current ENERGY STAR[®] specification for Seasonal Energy Efficiency Ratio "SEER" and Heating Season Performance Factor "HSPF" or Geothermal.
- Water Heater must be an electric storage tank water heater that is \geq current Energy and Water conservation standards established by the Federal Department of Energy "DOE".

ENERGY STAR® MANUFACTURED HOME PROGRAM - DSM

PURPOSE

South Kentucky Rural Electric Cooperative Corporation's ENERGY STAR® Manufactured Home Program ("ESMH") is designed to ensure that members ("members") of South Kentucky Rural Electric Cooperative Corporation purchase an energy efficient manufactured home. South Kentucky Rural Electric Cooperative Corporation will accomplish this by providing the purchaser of a manufactured home with an incentive to purchase and install a new ENERGY STAR® certified manufactured home.

AVAILABILITY

This program is available to residential members served by South Kentucky Rural Electric Cooperative Corporation.

ELIGIBILITY

To be eligible for this ESMH incentive, new manufactured homes must meet the following criteria:

- United States Environmental Protection Agency ("EPA") and Systems Building Research Alliance ("SBRA") guidelines as an ENERGY STAR® Manufactured Home.
- Primary source of heat must be a heat pump.
- Home must be all electric.
- Home must be installed by the end use member on lines served by South Kentucky Rural Electric Cooperative Corporation.
- Participants in the ENERGY STAR® Manufactured Home Program are not eligible for participation in the Heat Pump Retrofit Program.

PAYMENTS

After new home installation and after receiving certification as an ENERGY STAR® manufactured home, South Kentucky Rural Electric Cooperative Corporation will tender a \$1,150 incentive payment to the end-use member. The incentive is intended to help cover the cost of upgrading the home from the standard United States Department of Housing and Urban Development (HUD) construction requirements to the SBRA and EPA ENERGY STAR® manufactured home construction requirements.

TERM

BUTTON-UP WEATHERIZATION PROGRAM - DSM

PURPOSE

The Button-Up Weatherization Program offers an incentive for reducing the heat loss of a home. The member may qualify for this incentive by improving attic insulation and reducing the air leakage of their home.

AVAILABILITY

This program is available to residential members served by South Kentucky Rural Electric Cooperative Corporation.

ELIGIBILITY

This program is targeted at older single-family, multi-family or manufactured dwellings. Eligibility requirements are:

- Home must be 2 years old or older to qualify for the incentive.
- Primary source of heat must be electricity.

The Button Up incentive will promote the reduction of energy usage through air sealing on the part of members. Typical air sealing could include caulking, improved weather stripping, sealing attic accesses, etc. To receive this incentive either an EKPC approved contractor or South Kentucky Rural Electric Cooperative Corporation representative must perform a “pre” and “post” blower door test to measure actual Btuh reduced.

The attic insulation portion of the Button Up incentive will promote the reduction of energy usage on the part of the members. Heat loss calculation of Btuh reduced will be made by using either the Manual J 8th Edition or through other methods approved by EKPC. Heat loss calculations in Btuh are based on the winter design temperature. In order to receive an incentive for attic insulation, an air seal must be completed.

INCENTIVES

The Button Up incentive will pay a total payment of \$40 per thousand Btuh reduced to the member up to the maximum rebate incentive of \$750.

TERM

The program is an ongoing program.

HEAT PUMP RETROFIT PROGRAM - DSM

PURPOSE

The Heat Pump Retrofit Program provides incentives for residential members to replace their existing resistance heat source with a heat pump.

AVAILABILITY

This program is available to residential members served by South Kentucky Rural Electric Cooperative Corporation.

ELIGIBILITY

This program is targeted to members who currently heat their home with a resistance heat source; this program is targeted to site built homes, manufactured homes, and multi-family dwellings. Eligibility requirements are:

- Incentive only applies when homeowner's primary source of heat is an electric resistance heat furnace, ceiling cable heat, baseboard heat or electric thermal storage.
- Existing heat source must be at least 2 years old.
- New manufactured homes are eligible for the incentive.
- Two (2) maximum incentive payments per location, per lifetime for centrally ducted systems.
- Ducted and Ductless mini-splits applying for the incentive will be incentivized at a rate of \$250 per indoor head unit up to a maximum of three head units per location, per lifetime.
- Participants in the Heat Pump Retrofit Program are not eligible for participation in the ENERGY STAR[®] Manufactured Home Program.

INCENTIVES

Homeowners replacing their existing resistance heat source with a heat pump will qualify for the following incentive based on the equipment type:

<u>Equipment Type</u>	<u>Rebate</u>
Centrally Ducted Systems:	
Current Energy Conservation Standard established by the Federal Department of Energy "DOE"	\$500
Current ENERGY STAR [®] level equipment or greater	\$750
Mini Split System:	
Ducted or Ductless Mini-splits ENERGY STAR [®] Level equipment or greater	\$250

TERM

Electric Thermal Storage Incentive Program

Purpose

The Electric Thermal Storage (“ETS”) Incentive program provides retail members with a cost-efficient means of using electricity for space heating. A discounted rate for ETS energy encourages retail members to use electricity for heating during off-peak hours. This improves the utility’s load factor, reduces energy costs for the retail member, and delays the need for new peak load capacity expenses.

Availability

This program is available to residential members in all service territory served by South Kentucky RECC.

Eligibility

The ETS heater must replace one of the following primary sources of heat: 1) heat pump that is at least 10 years old; 2) baseboard heat; 3) ceiling cable heat; 4) electric furnace; 5) wood burning heat source; or 6) propane. Also eligible are ETS heaters that are being installed to heat a room addition to an existing home (e.g. finished basement.)

Incentive

South Kentucky RECC will pay a \$500 incentive to the retail customer that meets the eligibility requirements.

Term

The program is an ongoing program.

COMMUNITY ASSISTANCE RESOURCES
FOR ENERGY SAVINGS PROGRAM

PURPOSE

South Kentucky Rural Electric Cooperative Corporation’s Community Assistance Resources for Energy Savings (“CARES”) program provides an incentive to enhance the weatherization and energy efficiency services provided to its retail members (“end-use member”) by the Kentucky Community Action Agency (“CAA”) network of not-for-profit community action agencies. On behalf of the end-use member, South Kentucky Rural Electric will pass along an East Kentucky Power Cooperative, Inc. (“EKPC”)-provided incentive to the CAA. South Kentucky’s program has two primary objectives. First, the EKPC-provided incentive, passed along by South Kentucky to the CAA, will enable the CAA to accomplish additional energy efficiency improvements in each home. Second, this incentive will assist the CAA in weatherizing more homes.

AVAILABILITY

This U.S. Department of Energy’s Weatherization Assistance Program is available to end-use members who qualify for weatherization and energy efficiency services through their local CAA in all service territories served by South Kentucky Rural Electric.

ELIGIBILITY

Homeowner Qualifications

- A participant must be an end-use member of South Kentucky Rural Electric Cooperative Corporation.
- A participant must qualify for weatherization and energy efficiency services according to the guidelines of the U.S. Department of Energy’s (“DOE”) Weatherization Assistance Program administered by the local CAA. Household income cannot exceed the designated poverty guidelines administered by the CAA.
- A participant must dwell in either a Heat Pump-Eligible Home or a Heat Pump-Ineligible Home. For purposes of this tariff:

A Heat Pump-Eligible Home is a single family or multi-family individually metered residential dwelling that utilizes electricity as the primary source of heat or that switches from wood as its primary source of heat to an electric furnace; and

A Heat Pump-Ineligible Home is a single family or multi-family individually metered residential dwelling (that does not utilize electricity as the primary source of heat but cools the home with central or window unit air conditioners. Each Heat Pump-ineligible home must also have an electric water heater and use an average of 500 kWh monthly from November to March.

South Kentucky will pass along an EKPC-provided incentive to the CAA at the rates detailed below. The maximum incentive possible per household is \$2,000, which can be reached by using any combination of the following improvements not to exceed their individual maximums:

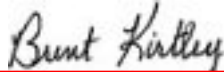

- **HEAT PUMP:**
Upgrading from a low-efficiency electric heat source to a heat pump will be reimbursed at a rate of 100% of the total incremental cost (material + labor) up to a maximum of \$2,000 per household. Incremental cost is the additional cost of upgrading from a low-efficiency electric heat source to a heat pump above and beyond any costs associated with the electric furnace. The existing heat source must be electric (or switching from wood to electric) to qualify.
- **WEATHERIZATION IMPROVEMENTS:**
Any of the following weatherization improvements made to the home will be reimbursed at a rate of 50% of a CAAs' cost (material + labor), up to a maximum of \$1,000:
 - Insulation
 - Air sealing
 - Duct sealing, insulating, and repair
 - Water heater blanket

Health and safety measures completed at the home do not qualify for the incentive and documentation required from a CAA must adhere to the program guidelines. Quality assurance sampling will be conducted by South Kentucky at a rate of 10%.

COMMUNITY SOLAR POWER GENERATION

(N)

APPLICABLE

In all territory served by South Kentucky Rural Electric Cooperative Corporation ("South Kentucky RECC").

AVAILABILITY

Community Solar Power is available to South Kentucky RECC's End-Use Cooperative Members ("Customer") on a voluntary basis, upon request, and on a first-come, first-served basis up to the capacity available to South Kentucky RECC from East Kentucky Power Cooperative ("EKPC").

LICENSE ARRANGEMENT

Each Customer participating in this program shall enter into a Community Solar Farm Solar Panel License Agreement ("License Agreement") with South Kentucky RECC, for a percentage of a solar generating facility for a term of 25 years. Each such Customer shall pay to South Kentucky RECC a license fee upon entering into a License Agreement for a portion of the capacity of the solar generating facility. The license fee shall equal the net present value of the capital and financing costs of each participating Customer's percentage of the solar generating facility.

The Customer may offset up to one hundred percent (100%) of his or her energy consumption based on the average annual consumption of electricity from the previous three (3) years. If the previous three (3) year consumption data is not available, the data that is available will be used to determine the maximum number of solar panels the Customer will initially be able to license.

METERING

EKPC shall provide metering services, without any cost to the South Kentucky RECC or Customer for metering equipment, through a standard kilowatt-hour metering system that will be located at the point of delivery of electricity generated by the solar generation facility. For purposes of determining the amount of energy generated by the Customer's licensed percentage of the solar generation facility, the total net energy output of the solar generation facility shall be multiplied by the Customer's proportional licensed interest in the solar generation facility.

A participating Customer shall also be entitled to receive the value of capacity payments received by EKPC as determined in the applicable PJM Base Residual Auction for the portion of the community solar farm licensed to the participating Customer.

A participating Customer shall elect whether any Solar Renewable Energy Credits or any other environmental attributes ("SRECs") associated with energy generated by the solar generation facility shall be sold by EKPC or retired. A participating Customer who elects to sell the SRECs will receive a corresponding credit on his or her electric bill from South Kentucky RECC. The credit for those SRECs will accumulate over a calendar year and will be credited to the Customer in equal installments over a twelve (12) month period beginning on April 1st of the following year, along with interest accrued at the rate set forth by the Commission for customer deposits.

Costs for operating, maintaining, insuring and paying taxes on the solar generating facility will be determined in aggregate on an annual basis and netted against the Panel Production Credit as set forth below. In the event that any significant investment (i.e. a replacement of an inverter) occurs during the term of a License Agreement, the cost of the investment will be amortized over the remaining term of the License Agreement.

The net amount of the Panel Production Credit will be determined by taking the sum of the capacity credit, energy credit and SREC credit (if applicable) and subtracting from said sum operations and maintenance expense.

At no time, shall South Kentucky RECC be required to convert the Panel Production Credit to cash. Any excess Panel Production Credits can be carried forward to offset a later billed amount.

FUEL ADJUSTMENT CLAUSE

The fuel adjustment clause is not applicable to the Community Solar Power Generation program.

TRANSFER/TERMINATION

If the Customer moves to a new location within South Kentucky RECC's service territory the credit may be transferred to the new location. If the Customer moves to a new location outside South Kentucky RECC's service territory or his or her membership in South Kentucky RECC is terminated for any reason, the Customer may transfer the license and credits to another Customer within South Kentucky RECC's service territory within sixty (60) days following the termination of membership or service. If the license is not transferred within sixty (60) days, the license shall be terminated and South Kentucky RECC may license the Customer's panel(s) to another customer. If, however, the Customer owes an outstanding balance to South Kentucky RECC at the time of termination of membership or service, South Kentucky RECC may continue to accrue the Panel Production Credit to reduce and eliminate the outstanding balance prior to making any designated transfer of the license to a different service address or customer. The Customer is responsible for informing South Kentucky RECC of any changes in the service location for which the credits are to be associated.

COMMUNITY SOLAR FARM SOLAR PANEL LICENSE AGREEMENT

Any Customer desiring to license one or more solar panels in the Community Solar Farm must first enter into the License Agreement (a copy of which is attached hereto and incorporated herein by reference as if set forth fully herein) and tender to South Kentucky RECC the requisite license fee. The license fee shall thereafter be transferred to EKPC within three (3) business days.

COMMUNITY SOLAR FARM SOLAR PANEL LICENSE AGREEMENT

This License Agreement (“Agreement”) is made and entered into this ____ day of _____, 20__ by and between South Kentucky Rural Electric Cooperative Corporation, with its principal place of business at 925-929 North Main Street, P.O. Box 910, Somerset, Kentucky 42501 (“Cooperative”), and the following identified person (“Customer”), who is a Member of Cooperative:

Customer/Licensee: _____

Mailing Address: _____

Service Address: _____

Telephone Number: _____ Email Address: _____

Account Number: _____

1. License.

1.1. Subject to the terms and conditions set forth in this Agreement, Cooperative hereby grants to Customer a license (each, a “License”) to receive the Panel Production Credits (as defined below) allocated to each of the following solar panels identified by Serial Number (each, a “Solar Panel”) during the Term:

Serial Number: _____	Serial Number: _____
Serial Number: _____	Serial Number: _____
Serial Number: _____	Serial Number: _____
Serial Number: _____	Serial Number: _____
Serial Number: _____	Serial Number: _____

(If additional panels are licensed, attach additional sheets listing the Serial Number(s) as necessary.)

1.2. The foregoing solar panel(s) will be in service at East Kentucky Power Cooperative, Inc.’s (“EKPC”) Community Solar Facility (“Solar Facility”) located at 4775 Lexington Road, Winchester, Kentucky. Cooperative, as a Member of EKPC has been granted the right to license said panels. Customer acknowledges and agrees that EKPC retains sole ownership, possession and control of each Solar Panel, and will have the exclusive right to maintain and operate such Solar Panel. Customer also acknowledges that EKPC may replace a Solar Panel with any make, model, brand or type of solar panel as EKPC may elect in its sole discretion on notice to Cooperative of such change. In the event a Solar Panel is replaced, updated information, including the new Serial Number, make, model and specifications of the Solar Panel will be provided to Cooperative by EKPC. Cooperative *Jalina R. Matthews* is new information to Customer.

1.3. During the Term (as defined below), Customer will receive the Panel Production Credit for each Solar Panel as a credit on Customer's monthly bill for electricity provided by Cooperative at the Service Address set forth above (the "Service Address"), which address must be located within Cooperative's service territory.

Only metered residential, commercial and industrial accounts will be permitted to receive the Panel Production Credit. Exterior lighting accounts are not eligible to participate in the program. A separate License Agreement with a Customer is required for each specific Service Address.

The License granted to the Customer hereunder is limited to the receipt of the Panel Production Credits referred to above, and includes no other rights except as specified herein.

2. **Consideration.** As consideration for the License granted to Customer pursuant to this Agreement, the Customer will pay to Cooperative a license fee in the sum of \$460.00, per Solar Panel listed above. Said fee shall be delivered and payable to Cooperative, upon the execution of this Agreement, (the "License Fee").

3. **Term.** Each License shall be effective beginning on the date of this Agreement, and will continue for a period of twenty-five (25) years ("the "Term"), subject to early termination as provided in this Agreement.

4. **Cooperative Obligations.** Cooperative agrees to:

4.1. Provide Customer with any updates in the event of any changes pursuant to Section 1.2 of this Agreement.

4.2. Relay any necessary information to Customer regarding the operation and maintenance of the community solar facility it receives from EKPC. Cooperative will not be the owner or operator or provide any maintenance on the community solar facility and is only able to offer participation to its customers because of its Membership status with EKPC. Each solar panel subject to this License will remain the sole property of EKPC. EKPC will be the sole loss payee listed on any insurance policies related to the solar panel(s) listed in this Agreement.

5. **Panel Production Credits.** The Panel Production Credit for each Solar Panel will be defined, calculated and distributed as follows:

5.1. For each solar panel licensed by the Customer, the Customer shall receive a monthly Panel Production Credit consisting of: A) the sum of: 1) the Final Energy Production Credit; 2) the Panel Capacity Credit; and, 3) if elected, the Solar Renewable Energy Credit ("SREC"); minus B) an Operations and Maintenance Debit. Each of these components shall be based upon the panel production and costs attributable to the Customer's licensed solar panels.

- 5.2. **Final Energy Production Credit:** The actual electric energy production for the entire Community Solar Facility will be recorded in kilowatt hours on a monthly basis (“Facility Power Production”). This Facility Power Production will then be allocated to each Solar Panel by dividing the Facility Power Production by the total number of active solar panels in the Community Solar Facility to determine the Final Energy Production Credit. This Final Energy Production Credit is the basis for the energy portion of the Panel Production Credit applied to the Customer’s bill. The monthly credit applied to Customer’s bill will be the Final Energy Production Credit for each Solar Panel licensed by Customer pursuant to this Agreement multiplied by the value of the real-time locational marginal price for energy at the EKPC Office Substation node during each hour of the day as established by PJM Interconnection, LLC (“PJM”).
- 5.3 **Panel Capacity Credit:** The capacity value of the entire Community Solar Facility shall be determined by the applicable PJM Base Residual Auction for capacity and associated rules and tariffs of PJM. The capacity value of the entire Community Solar Facility shall be divided by the total number of active panels in the Community Solar Facility to determine the Panel Capacity Credit. The Panel Capacity Credit shall be determined on an annual basis and credited to the Customer in twelve equal installments.
- 5.4 **Solar Renewable Energy Credit:** Customer understands and agrees that EKPC will sell or retire (choose one) any SRECs associated with the solar panel(s) covered under this Agreement. The value of any SRECs sold in a calendar year that are attributable to the entire Community Solar Facility will be credited in an amount proportional to the Customer’s licensed capacity in the Community Solar Facility, in equal monthly amounts, to the Customer’s electric utility bill the following calendar year, starting April 1 of the following year through March 31 of the next year. (For example, any SRECs sold or retired in 2016 would be credited to the Customer’s account on a monthly basis beginning April 1, 2017 through March 31, 2018.). The Customer shall be paid interest on the accumulated SREC sales at the rate established by the Kentucky Public Service Commission for customer deposits. ***If the Customer elects to have the SRECs retired, the Customer will not receive the SREC credit. If the Customer elects to sell the SRECs, the Customer forfeits the right to claim production of solar energy.***
- 5.5 **Operations and Maintenance Debit:** Costs for operating, maintaining, insuring and paying taxes on the solar generation facility will be determined in aggregate on an annual basis and netted against the Panel Production Credit as set forth above. In the event that any significant investment (i.e. replacement of an inverter) occurs during the term of a License Agreement, the cost of the investment will be amortized over the remaining term of the License Agreement.
- 5.6 The Panel Production Credit will be set forth each month as a credit on the Customer’s bill, beginning with the bill covering the next full billing cycle. *Talina R. Mathews* Attorney for: the date of execution of this Agreement; or B) the date the solar generating facility is deemed operational by EKPC. At no time shall Cooperative be required to convert

the Panel Production Credit to cash. Any excess Panel Production Credit can be carried forward to offset a later billed amount.

5.7 Unless the Customer agrees, in writing, to transfer the Panel Production Credit arising from this Agreement to another approved address in accordance with Section 8 of this Agreement, the Panel Production Credit will remain associated with the Service Address identified in Section 1.3 regardless of occupancy or ownership changes at that location. In the event the applicable service location associated with this Agreement is removed and/or not in service, the Customer must contact Cooperative to determine the service address to which the Panel Production Credits will be assigned. Until the Panel Production Credits are assigned, any accruing Panel Production Credits will be forfeited.

6. **Solar Panel License Cancellation and Termination.** In the event that the: A) Customer ceases to be a Member of Cooperative and fails to timely transfer this Agreement to another member of Cooperative in accordance with Section 8 of this Agreement; or B) Customer's service is disconnected for any lawful reason, Cooperative may elect to cancel the License for one or more of the Customer's licensed solar panels. Such cancellation will occur as follows:

6.1. Cooperative will notify Customer of Cooperative's election to exercise its cancellation right, and such notification will include the Solar Panel Serial Number for each License to be cancelled (the "Cancellation Notice"). The Cancellation Notice shall be set forth in writing.

6.2 Cooperative shall refund the license fee paid by the Customer in an amount of the license fee multiplied by a factor of 0.92^n , where n is the number of full plus partial years the license was in effect prior to cancellation. The Customer shall also be entitled to any accrued Panel Production Credits that existed as of the date of cancellation. However, if there is any outstanding balance owed to Cooperative, then Cooperative may retain the license fee and continue to accrue Panel Production Credits to reduce and eliminate the outstanding balance.

6.3 The cancellation shall be effective as of the date that the Cancellation Notice is delivered by Cooperative.

6.4 At the end of the twenty-five (25) year Term, this Agreement shall terminate without further action by either Party and the Customer shall not be entitled to any cancellation refund.

6.5 Upon cancellation of a license or the termination of this Agreement, Cooperative will have no further obligations to Customer with regard to the Community Solar Facility, the Solar Panel(s) or the Panel Production Credits.

7. **Additional Acknowledgements.** The Parties further acknowledge

- 7.1. Customer will not have access to the Community Solar Facility or any Solar Panel, for any purpose, unless otherwise agreed to in advance by Cooperative and EKPC in their sole discretion. EKPC will have sole ownership, possession and control of each Solar Panel, and will have the exclusive right to maintain and operate such Solar Panel.
- 7.2. Customer may license multiple Solar Panels, provided, however, that the Service Address cannot be credited with more than one hundred percent (100%) of its energy consumption based on the average annual consumption of electricity from the previous three (3) years. If the previous three (3) year consumption data is not available, the data that is available will be used to determine the maximum number of solar panels the Customer will initially be able to license.
- 7.3. Customer may not require Cooperative to repurchase the License for any Solar Panel. In the event Customer desires to assign or transfer the License for one or more Solar Panels), Cooperative may provide Customer with reasonable assistance in finding an assignee or transferee for such License, but Cooperative is under no obligation to provide such assistance, to find an assignee, or to permit Customer to assign the License other than in compliance with this Agreement.
- 7.4. Except as expressly provided in this Agreement, Customer may not sell, assign, gift, bequeath or otherwise transfer any License for a Solar Panel to any other individual or entity.
- 7.5. **Disclaimer and Force Majeure.** Customer understands and acknowledges that the generation of solar energy and the sale of solar energy, generation capacity and SRECs is dependent upon numerous factors, including many which are beyond the control of Cooperative or EKPC. Neither Cooperative nor EKPC shall be responsible for any disruption or prevention on the production of solar energy from the licensed Solar Panels that is attributable to: (a) natural events such as acts of God, landslides, lightning, eclipses, weather patterns, earthquakes, fires, storms or the like; (b) interruption and/or curtailment of transmission facilities of third-parties; (c) acts of others such as strikes, lockouts or other industrial disturbances, riots, sabotage, insurrections or wars, or acts of terror; and (d) governmental actions such as necessity for compliance with any court or administrative order, law, statute, ordinance, regulation, order, or policy having the effect of law promulgated by a governmental authority having jurisdiction.
- 7.6. **Limitation of Liability.** EXCEPT AS MAY BE SET FORTH EXPRESSLY HEREIN, CUSTOMER UNDERSTANDS AND ACKNOWLEDGES THAT NEITHER COOPERATIVE NOR EKPC HAVE MADE ANY SPECIFIC OR GENERAL REPRESENTATIONS OR WARRANTIES REGARDING THE OPERATION, PRODUCTION, CONFIGURATION, LIFECYCLE OR ANY OTHER ASPECT OF THE LICENSED SOLAR PANEL(S) INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT ANY REPRESENTATIONS AND WARRANTIES HAVE BEEN MADE, UNLESS EXPRESSLY SET FORTH HEREIN, CUSTOMER

UNDERSTANDS AND ACKNOWLEDGES THAT THEY ARE HEREBY EXPRESSLY DISCLAIMED. CUSTOMER ALSO UNDERSTANDS AND AGREES THAT HIS OR HER SOLE AND EXCLUSIVE REMEDY IN THE EVENT OF A BREACH OF THIS AGREEMENT BY COOPERATIVE IS EXPRESSLY LIMITED TO THE RETURN OF THE LICENSE FEE(S) TENDERED TO COOPERATIVE IN AN AMOUNT PROPORTIONATE TO THE NUMBER OF YEARS REMAINING ON THE LICENSE GRANTED HEREIN.

8. **Transfer/Assignment.** Subject to the provisions of this Section 8, and with advance written notice to Cooperative, a Customer may elect to: (a) change the Service Address for which the Panel Production Credit for one or more Solar Panels will apply, provided such Service Address is within Cooperative's service territory and associated with the Customer, or (b) assign this Agreement to another individual or entity provided such assignee's Service Address is located within Cooperative's service territory and the individual or entity is a Member of Cooperative. Customer will notify Cooperative of such change or assignment in writing at least thirty (30) days prior to the effective date of such change. This notice shall include:

- Customer's name and mailing address;
- A copy of the original License Agreement;
- The Serial Number for each applicable Solar Panel;
- The current Service Address;
- The new Service Address (if applicable);
- The name of the individual or entity to whom Customer is assigning this Agreement, (if applicable);
- Acknowledgment of Customer's surrender of the applicable License and any further Panel Production Credits associated with the assigned Solar Panel(s); and
- The effective date of such assignment.

Upon assignment of any License for a Solar Panel, the Customer will surrender all right, title and interest in and to such License. Customer further acknowledges and agrees that such assignment does not extend the Term of the License or this Agreement.

In the event that a Customer's membership in Cooperative ceases for any reason, Section 8 shall be made within sixty (60) days of termination of membership. If a transfer does not occur within sixty (60) days, the license shall be terminated in accordance with Section 6 of this Agreement.

9. **Notice.** All notices, requests, consents, and other communications required under this Agreement shall be in writing and will be mailed to the mailing address for each party as set forth above. Notices will be deemed delivered upon the earlier of: (a) the date of actual receipt, with a copy thereof being sent concurrently by certified or registered mail, return receipt requested; (b) three business days after being deposited in certified or registered mail, return receipt requested, postage prepaid; or (c) the following business day after being delivered to a reputable overnight courier service. If for any reason, a Party's mailing address should change, that Party must notify the other Party in writing of the change of address for notices to be sent.

10. **Entire Agreement.** This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all previous proposals, both oral and written, negotiations, representations, commitments, writings and all other communications between the parties. This Agreement may not be released, discharged, or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.

11. **Governing Law.** This Agreement shall be deemed to have been made in, and shall be construed under, the internal laws of the State of Kentucky, without regard to the principles of conflicts of laws thereof.

IN WITNESS WHEREOF, the parties have executed this License Agreement as of the date first written above.

The undersigned (hereinafter called the “Member”) hereby applies for participation in the voluntary Prepay Program offered to members of South Kentucky RECC (Hereinafter called the “Cooperative”), and agrees with the Cooperative to the following terms and conditions:

1. The member shall purchase electric energy from the Cooperative in accordance with the present and any future rate schedule of the Cooperative on a Prepay basis for the above-referenced account.
2. The member understands that the terms and conditions set forth in the member’s Application for Membership and Electric Service continue to apply in addition to the terms and conditions for this Agreement and Prepay Program, subject, however, to any changes set forth in the Agreement.
3. The member shall pay any membership and fees as applicable by the Cooperative bylaws and the Cooperative Rules and Regulations as approved by the Kentucky Public Service Commission as may be required for the member to participate in the Prepay Electric Service Program.
4. Any deposit fee previously paid by the member to the Cooperative will be applied to the member’s outstanding balance at the commencement of participation in the Prepay Program and any credit remaining after application of the deposit fee shall be applied to the member’s Prepay account balance. However, if the member has another account(s) which does not have a satisfactory credit history, the remaining credit will be applied to the unsecured account(s). The deposit will only be refunded by applying the member’s account(s) as described.
5. The member confirms that he/she can receive automated messages, (text and/or email), to be eligible for the prepay program.
6. As a result of participation in the Prepay Program, the member will not be mailed a monthly paper bill for electric usage or other applicable fees or charges. The member may request a copy of their transaction report or view the bill online through the Cooperative’s website, www.skrecc.com.
7. The member shall pay an additional daily program fee. This amount will be in addition to the charges included in the Cooperative’s rate schedule.

8. Funds may be added to the account by most methods listed on the Cooperative's website, www.skrecc.com.
9. If a member changes any contact information (i.e. e-mail address, phone number, etc.) provided on this agreement, it is the responsibility of the member to notify the Cooperative of any such changes immediately in writing. It is the member's responsibility to manage their own communication devices.
10. When the amount of funds remaining on a Prepay account reaches the established threshold of \$25, an automated message (text and/or email) will be sent to the member. A traditional, written notice sent by U.S. Mail will not be sent.
11. The member shall be responsible for regularly monitoring the balance on the Prepay account and understands that electric service will be subject to disconnection without any written notification from the Cooperative to the member once the balance of the account reaches a negative amount.
12. Levelized budget billing, automatic payment draft, net metering, and ancillary services are not eligible for Prepay.
13. Should the member have a payment returned for any reason, the returned payment will be charged to the prepay account. The member's account shall also be charged a return payment fee in addition to the returned payment amount. If there are not sufficient funds to cover the returned item and fee, the account will be disconnected immediately.
14. If a prepay account is disconnected due to lack of funds or any other reason, the Cooperative shall be held harmless for any damages due to loss of energy services. Likewise, if the account is disconnected and the member applied funds to the Prepay account thus causing the account to be reconnected, the member accepts full responsibility for any damages to the location caused by the account being reconnected and holds the Cooperative harmless from any damages arising from such a reconnection.
15. By signing this agreement, the member affirms there are no residents in the home currently that have medical conditions that will be impacted by loss of service. Should this status change, the member shall contact the Cooperative in writing, upon which the account will be removed from the prepay program. It is the responsibility of the member to confirm the Cooperative is in receipt of the written request for removal from the program.
16. A prepay account will be disconnected if the balance of the account becomes negative. The account will be disconnected regardless of weather/temperatures as the member is responsible for ensuring that the prepay account is adequately funded. If the member cannot ensure proper funding, the Cooperative recommends the member not utilize the prepay service.
17. Prepay accounts shall not be eligible for payment arrangements with the Cooperative and energy assistance shall not be applied until received as payment on the member's prepay account.
18. If a member on prepay account presents a Certificate of Need, a Member Hardship or qualifies for a Winter Hardship reconnect, the member will be required to transfer to a post pay account.

The member also authorizes the kWh used since the last bill date until the meter is changed to prepay meter be calculated and transferred to the prepay account. The member further agrees that thirty percent (30%) of any payments made on this account in the future shall be applied to the balance until said balance is paid in full. Any fees/penalties (returned payment, meter tampering, etc.) shall be paid before any payments are applied to the member's prepay account.
20. If a member wishes to disconnect service the member shall be refunded any balance on the Prepay account. Any refund will be processed in the same manner as post pay account refunds.
21. During any interruption, outages, and/or disconnection, the customer charge, prepay fee and security light charges will continue to accrue.
22. The undersigned agrees that Cooperative personnel has comprehensively explained this Prepay program and fully informed of all aspects of the program.
23. If a landlord agreement exists, the landlord must agree to the Prepay program in writing.

WHOLESALE POWER ADJUSTMENT

The base demand and energy charges shall be increased or decreased in accordance with the current Adjustment Addendum published by TVA. (In addition, such charges shall be increased or decreased to correspond to increases or decreases determined by TVA under Adjustment 2 or Adjustment 4 of the wholesale power rate schedule applicable under contractual arrangements between TVA and South Kentucky RECC.

FUEL COST ADJUSTMENT

The base energy charges for all rate schedules shall be increased or decreased in accordance with the current Fuel Cost Adjustment Addendum published by TVA.

ENVIRONMENTAL ADJUSTMENT

The base demand and energy charges shall be increased or decreased in accordance with the current Environmental Adjustment Addendum published by TVA.

DETERMINATION OF DEMAND

SKRECC shall meter the demands in kW of all customers having loads in excess of 50 kW. The metered demand for any month shall be the highest average during any 30-consecutive-minute period of the month of all load metered in kW. The measured demand for any month shall be the higher of the highest average during any 30-consecutive-minute period of the month of:

- [a] the load metered in kW or
- [b] 85 percent of the load in kVA plus an additional 10 percent for that part of the load over 5,000 kVA, and such measured demand shall be used as the billing demand, except that the billing demand for any month shall in no case be less than 30 percent of the higher of the currently effective contract demand or the highest billing demand established during the preceding 12 months

FUEL ADJUSTMENT CLAUSE

All rates are applicable to the Fuel Adjustment Clause and may be increased or decreased by an amount per KWH equal to the fuel adjustment per KWH as billed by the Wholesale Power Supplier plus an allowance for line losses. The allowance for line losses will not exceed 10% and is based on a twelve month moving average of such losses. This Fuel Clause is subject to all other applicable provisions as set out in 807 KAR 5:056.

OFF-PEAK ELECTRIC THERMAL STORAGE HEATING CONTRACT

This agreement made and entered into between SOUTH KENTUCKY RURAL ELECTRIC COOPERATIVE CORPORATION (hereinafter called "South Kentucky")

and _____

(Hereinafter called "Member", whether singular or plural)

WITNESSETH:

That in consideration of the mutual promises and covenants hereinafter set forth, the parties agree as follows:

1. Member to purchase an electric thermal storage heating unit(s), {hereinafter called ETS unit(s)} from South Kentucky.
 - a. Member agrees for South Kentucky and/or representatives to modify such existing wiring, including the right to add or replace necessary wiring and equipment in the residence to accommodate ETS unit(s).
 - b. The cost of all labor and material will be at the member's expense.
2. Member may purchase an ETS unit(s) from other sources but must agree to the special metering and wiring specifications set forth by South Kentucky before special discounted electric rates can be granted.
3. After installation of the unit(s) South Kentucky guarantees a minimum of ten (10) hours off-peak storage availability per day during the seven (7) month heating season of October through April for ten (10) years from the date of installation.

- 4. South Kentucky further guarantees that the rate for energy used by off-peak ETS unit(s) shall be discounted no less than forty percent (40%) below the lowest cost rate block for regular residential or small commercial services for then (10) years from the date of installation.
- 5. South Kentucky fully warrants parts and service on ETS unit(s) purchased from South Kentucky for three (3) years from date of installation.

Service availability on the remaining seven (7) years of the contract will be guaranteed by South Kentucky at the member's expense.

South Kentucky will continue to service ETS unit(s) beyond the initial ten(10) year period only if such service cannot be readily obtained in the local marketplace.

- 6. Installed ETS unit(s) are considered permanent installations. Relocation of installed units inside or outside the home will void the free parts and service portion of the warranty, unless the reinstallation is done by an ETS certified installer. It is recommended not to move heaters unless absolutely necessary.
- 7. Member agrees to participate in any electronic load control program initiated by South Kentucky that insures a minimum of ten (10) hours per day charging time for ETS units(s).
- 8. The rate discount offered herein may be transferred or assigned to another consumer of South Kentucky who resides in, rents, leases, or purchases a residence equipped with approved ETS unit(s) providing such consumer abides by the terms of this contract and accompanying tariff.
- 9. South Kentucky retains the right to periodically inspect ETS unit(s) installation through its' employees or representatives.

CABLE TELEVISION ATTACHMENT

SPECIFICATIONS:

A. The attachment to poles covered by this tariff shall at all times conform to the requirements of the National Electrical Safety Code, 1981 Edition, and subsequent revisions thereof, except where the lawful requirements of public authorities may be more stringent, in which case the latter will govern.

B. The strength of poles covered by this agreement shall be sufficient to withstand the transverse and vertical load imposed upon them under the storm loading of the National Electrical Safety Code assumed for the area in which they are located.

ESTABLISHING POLE USE:

A. Before the CATV operator shall make use of any of the poles of the Cooperative under this tariff, they shall notify the Cooperative of their intent in writing and shall comply with the procedures established by the Cooperative. The CATV operator shall furnish the Cooperative detailed construction plans and drawings for each pole line, together with necessary maps, indicating specifically the poles of the Cooperative, the number and character of the attachments to be placed on such poles, and rearrangements of the Cooperative's fixtures and equipment necessary for the attachment, any relocation or replacements of existing poles, and any additional poles that CATV intends to install.

The Cooperative shall on the basis of such detailed construction plans and drawings, submit to the CATV operator a cost estimate (including overhead and less salvage value of materials) of all changes that may be required in each such pole line. Upon written notices by the CATV operator to the Cooperative that the cost estimate is approved, the Cooperative shall proceed with the necessary changes in pole lines covered by cost estimate. Upon completion of all changes, the CATV operator shall have the right hereunder to make attachments in accordance with the terms of the applications of this tariff. The CATV operator shall, at his own expense, make attachments in such manner as not to interfere with the service of Cooperative.

B. Upon completion of all changes, the CATV operator shall pay to the Cooperative the actual cost (including overhead and less salvage value of materials) of making such changes. The obligation of the CATV operator hereunder shall not be limited to amounts shown on estimates made by the Cooperative hereunder. An itemized statement of actual cost of all such changes shall be submitted by the Cooperative to the CATV operator in a form mutually agreed upon.

C. Any reclearing of existing right-of-ways and any tree trimming necessary for the establishment of pole line attachments hereunder shall be performed by the CATV operator.

D. All poles to which attachments have been made under this tariff shall remain the property of the Cooperative and any payment made by the CATV operator for changes in pole line under this tariff shall not entitle the CATV operator to the ownership of any of said poles.

E. Any changes necessary for correction of substandard installation made by the CATV operator, where notice of intent had not been requested, shall be billed at a rate equal to twice the charges that would have been imposed if the attachment had been properly authorized.

EASEMENTS AND RIGHT-OF-WAY:

A. The Cooperative does not warrant nor assume to the CATV operator any rights-of-way privileges or easements, and if the CATV operator shall at any time be prevented from placing or maintaining its attachments on the Cooperative's poles, no liability on account thereof shall attach to the Cooperative. Each party shall be responsible for obtaining its own easements and rights-of-way.

MAINTENANCE OF POLES, ATTACHMENTS AND OPERATION:

A. Whenever right-of-way considerations or public regulations make relocation of a pole, or poles necessary, such relocations shall be made by the Cooperative at its' own expense except that each party shall bear the cost of transferring its own attachments.

B. Whenever it is necessary to replace or relocate an attachment, the Cooperative shall, before making such replacement or relocation, give forty-eight (48) hours notice (except in cases of emergency) to the CATV operator, specifying in said notice the time of such proposed replacement or relocation, and the CATV operator shall, at the time so specified, transfer its attachments to the new or relocated pole. Should the CATV operator fail to transfer its attachments to the new or relocated pole at the time specified for such transfer of attachments, the Cooperative may elect to do such work and the CATV operator shall pay the Cooperative the cost thereof.

C. Any existing attachment of CATV which does not conform to the specifications as set out in this tariff hereof shall be brought into conformity therewith as soon as practical. The Cooperative, because of the importance of its service, reserves the right to inspect each new installation of the CATV operator on its poles and in the vicinity of its lines or appurtenances. Such inspection, made or not, shall not operate to relieve the CATV operator of any responsibility, obligation or liability assumed under the tariff.

D. The Cooperative reserves to itself, its successor and assigns, the right to maintain its poles and to operate its facilities thereon in such manner as will, in its own judgement, best enable it to fulfill its own service requirements. The Cooperative shall not be liable to the CATV operator for any interruption of service or for interference with the operation of the cables, wires and the appliances of the CATV operator arising in any manner out of the use of the Cooperative's poles hereunder.

The Cooperative shall exercise reasonable care to avoid damaging the facilities of the CATV operator, make an immediate report to the CATV operator of the occurrence of any such damage caused by its employees, agents or contractors, and except for removal for nonpayment or for failure to post or maintain the required "Performance Bond", agree to reimburse the CATV operator for all reasonable cost incurred by the CATV operator for the physical repair of facilities damaged by the negligence of the Cooperative.

INSPECTIONS:

A. Periodic Inspections: Any unauthorized or unreported attachment by CATV operator will be billed at a rate of two times the amount equal to the rate that would have been due, had the installation been made the day after the last previously required inspection.

B. Make-Ready Inspection: Any "make-ready" inspection or "walk-through" inspection required of the Cooperative will be paid for by the CATV operator at a rate equal to the Cooperative's actual expenses plus appropriate overhead charges.

INSURANCE OR BOND:

A. The CATV operator agrees to defend, indemnify and save harmless the Cooperative from any and all damage, loss, claim, demand, suit, liability, penalty or forfeiture of every kind and nature, including but not limited to, costs and expenses of defending against the same and payment of any settlement or judgment therefor, by reason of (a) injuries or death to persons, (b) damages to or destruction of properties, (c) pollutions, contaminations of or other adverse effects on the environment or (d) violations of governmental laws, regulations or orders whether suffered directly by the Cooperative itself, or indirectly by reason of claims, demands or suits against it by third parties, resulting or alleged to have resulted from acts or omissions of the CATV operator, its employees, agents, or other representatives or from their presence on the premises of the Cooperative, either solely or in concurrence with any alleged joint negligence of the Cooperative. The Cooperative shall be liable for sole active negligence.

B. The CATV operator will provide coverage from a company authorized to do business in the Commonwealth of Kentucky:

1. Protect for its employees to the extent required by Workmen's Compensation Law of Kentucky.
2. Public liability coverage with separate cover for each town or city in which the CATV operator operates under this contract to a minimum amount of \$100,000.00 for each person and \$300,000.00 for each accident or personal injury or death, and \$25,000.00 as the property of any one person, and \$100,000.00 as to any one accident of property damage.

Before beginning operations under this tariff, the CATV operator shall cause to be furnished to the Cooperative, a certificate for such coverage, evidencing the existence of such coverage. Each policy required hereunder shall contain a contractual endorsement written as follows:

"The insurance or bond provided herein shall also be for the benefit of South Kentucky Rural Electric Cooperative Corporation, so as to guarantee, with the coverage limits, the performance by the insured of any indemnity agreement set forth in this tariff. This insurance or bond may not be cancelled for any cause without thirty (30) days advance notice being first given to South Kentucky Rural Electric Cooperative Corporation."

CHANGE OF USE PROVISION:

When the Cooperative subsequently requires a change in its poles or attachment for reasons unrelated to the CATV operations, the CATV operator shall be given forty-eight (48) hours notice of the proposed change (except in case of emergency). If the CATV operator is unable or unwilling to meet the Cooperative's time schedule for such changes, the Cooperative may do the work and charge the CATV operator its reasonable cost for performing the change of CATV attachments.

ABANDONMENT:

A. If the Cooperative desires at any time to abandon any pole to which CATV operator has attachments, it shall give the CATV operator notice in writing to the effect at least thirty (30) days prior to the date on which it intends to abandon such pole. If, at the expiration of said period, the Cooperative shall have no attachments on such pole, but the CATV operator shall not have removed all of its attachments therefrom, such pole shall thereupon become the property of the CATV operator, and the CATV operator shall save harmless the Cooperative from all obligation, liability, damages, cost, expenses or charges incurred thereafter; and shall pay the Cooperative for such pole an amount equal to the Cooperative's depreciation cost thereof. The Cooperative shall further evidence transfer to the CATV operator of title to the pole by means of a bill of a sale.

B. The CATV operator may at any time abandon the use of the attached pole by giving notice thereof in writing to the Cooperative and by removing therefrom any and all attachments it may have thereon. The CATV operator shall in such case pay to the Cooperative the full rental for said pole for the then current billing period.

RIGHTS OF OTHER:

Upon notice from the Cooperative to the CATV operator that the use of any pole or poles is forbidden by municipal or other public authorities or by property owners, the permit governing the use of such pole or poles shall immediately terminate and the CATV operator shall remove its facilities from the affected pole or poles at once. No refund of any rental will be due on account of any removal resulting from such forbidden use.

PAYMENT OF TAXES:

Each party shall pay all taxes and assessments lawfully levied on its own property upon said attached poles, and the taxes and the assessments which are levied on said property shall be paid thereof, but any tax fee, or charge levied on the Cooperative's poles solely because of their use by the CATV operator shall be paid by the CATV operator.

BOND OR DEPOSITOR PERFORMANCE:

A. The CATV operator shall furnish bond or satisfactory evidence of contractual insurance coverage for the purposes hereinafter specified in the amount of twenty-five thousand dollars (\$25,000.00), until such time as the CATV operator shall occupy twenty five hundred (2,500) poles of the Cooperative and thereafter the amount there shall be increased to increments of one thousand dollars (\$1,000) for each one hundred (100) poles (or fraction thereof) occupied by the CATV operator, evidence of which shall be presented to the Cooperative fifteen (15) days prior to beginning construction. Such bond or insurance shall contain the provision that it shall no be terminated prior to six (6) months after receipt by the Cooperative of written notice of the desire of the Bonding or Insurance Company to terminate such bond or insurance. Upon receipt of such notice, the Cooperative shall request the CATV operator to immediately remove its cables, wires, and all other facilities from all poles of the Cooperative. If the CATV operator should fail to complete the removal of all its facilities from the poles of the Cooperative within thirty (30) days after receipt of such request from the Cooperative, then the Cooperative shall have the right to remove them at the cost and expense of the CATV operator and without being liable for any damage to the CATV operator's wires, cables, fixtures, or appurtenances. Such bond or insurance shall guarantee the payment of any sums which may become due to the Cooperative for rental inspections or work performed for the benefit of the CATV operator under this tariff, including the removal of attachments upon termination of service by any of its provisions.
